In-Home Care (IHC) Agency Frequently Asked Questions

1. What is an In-Home Care Agency?
An in-home care agency is an agency primarily engaged in providing in-home care services (including personal grooming, mobility assistance, nutrition/hydration assistance and others) for compensation to an individual in that individual’s place of residence. In-home care agencies are not home health agencies; they do not provide home health services as defined in the Oregon Revised Statutes (ORS 443.005).

2. Who must be licensed?
You must become licensed as an in-home care agency if you are providing in-home care services and doing one or more of the following: 1) scheduling caregivers, assigning work, 2) assigning compensation rates, 3) defining working conditions, 4) negotiating for a caregiver or client for the provision of services, or 5) placing a caregiver with a client. To determine if your future business qualifies as an in-home care agency, please see our determination form online at www.healthoregon.org/hcrqi.

You do not need to be licensed, if your business is only providing housekeeping and supportive services such as laundry or shopping and errands.

3. What type of services do In-Home Care Agencies provide?
Types of services that in-home care agencies provide include but are not limited to: bathing, personal grooming and hygiene, dressing, toileting and elimination, mobility and movement, nutrition/hydration and feeding, housekeeping tasks, laundry tasks, shopping and errands, transportation, and arranging for medical appointments. Inhome care agencies may also provide medication and nursing services, but these services require additional conditions for approval. These conditions include additional policies and procedures and a nurse on staff.
4. Where can I find the Statutes and Rules for In-Home Care Agencies?
The Oregon Revised Statutes (ORS) (Chapter 443) can be found online www.healthoregon.org/hcrqi.
The Oregon Administrative Rules (OAR) (Chapter 333, Division 536) can be found online www.healthoregon.org/hcrqi.

5. What do I need to do to apply for an In-home Care Agency License?
___ Read and understand all the Oregon Administrative Rules found online at www.healthoregon.org/hcrqi.
___ Fill out an in-home care application, found online www.healthoregon.org/hcrqi.
___ Include a check or money order for the correct fee amount (see application) payable to the “Oregon Health Authority” Please note: the fee is non-refundable; make sure you are absolutely certain you are prepared to be a licensed IHC before sending in the application and fee.
___ Include an administrator application and resume for your administrator. The resume:
   • Must be current
   • Must show evidence of at least two years of professional* or management*
   • experience in a health-related field or program
   • Must include:
     -the employer’s name and location
     -the dates of employment including month and year
     -the title of the position held
     -the detailed description of duties performed
   • Must show evidence of high school diploma or equivalent

*These terms are defined in rule: OAR 333-536-0005(13) & (21)

___ HCRQI Background Check Request Form. Any owners or administrator that have direct contact with clients must submit this form. The form is online at www.healthoregon.org/hcrqi.

___ Develop ALL policies and procedures (including associated forms such as the service plan form, disclosure form etc.). With the initial application package, include the following policies and procedures sections covering all rule components within the specific OARs, with the applicable forms, outlined below:
   • Organization, Administration, and Personnel (333-536-0050)
   • Disclosure, Screening, and Acceptance of Clients (333-536-0055)
• Service Plan (333-536-0065)

Send application, fee, resume, background check request forms and the three policies and procedure sections listed above, and associated forms to:

HFLC
IHC Survey Team
PO Box 14260
Portland OR 97293

Incomplete applications will not be processed until complete.

**6. When does the survey happen and what will it entail?**

When the agency has successfully completed all steps in the initial licensure process, an initial onsite survey will be scheduled. The survey will be scheduled for a date and time which is agreed upon by yourself and the surveyor who will conduct the survey.

During the initial survey you will need to have all your policies and procedures identified in Oregon Administrative Rules, Division 536, ready for review by the surveyor. All policies and procedures should be well-organized and easily identifiable for the surveyor to review. Please ensure that you have created all required policies and procedures by IHC rules found online www.healthoregon.org/hcrqi.

A **policy** is a principle or a predetermined course of action to guide decision making.

A **procedure** describes a method to carry out a policy and often includes a series of steps.

A **form** may be part of a procedure that will be used to carry out a procedure.

During the survey the following should be ready for review:

A. The agency’s policies and procedures for operating and providing services as an n-Home Care Agency in Oregon, which includes the policies and procedures identified by the Oregon Administrative Rules Division 536, Chapter 333, Section 0045-0093. Please use the IHC OARs to ensure that you have developed policies and procedures for all of the rules.
For example, the agency may have a policy that requires all caregivers be trained to provide medication administration. Procedures are then developed which reflect how that training requirement will be carried out with details of content, frequency, competency testing, etc. Forms are created to provide documented evidence that the training requirements as specified in the procedures have been met for each caregiver.

B. A Quality Improvement Program Plan which demonstrates an assurance of compliance with the Oregon Administrative Rules for In-Home Care Agencies and the agency's own policies and procedures.

C. A sample client record which contains all documents and forms to be used by the agency which demonstrates an assurance of compliance with the Oregon Administrative Rules for In-Home Care Agencies and the agency's own policies and procedures.

D. Personnel records for staff who are hired and ready to provide IHC services which contain evidence of all applicable pre-screening, health, qualifications, training, and orientation required by the Oregon Administrative Rules for In-Home Care Agencies and the agency's own policies and procedures.

7. What happens if I pass the survey?

A license will be issued for your agency or subunit within ten business days. The license is not transferable. The license must be posted in a conspicuous location at your agency. You are not allowed to accept clients until you have received your license.

8. What happens if I don’t pass the survey?

If your agency has some deficiencies that need correction before licensure is granted:
• You will receive a list of required corrections to your application
• You must complete the corrections
• Notify this office of the completed corrections
• Your application will be reconsidered and further review will be conducted, in the order that it was received with all other initial applications

If your agency is substantially out of compliance with Division 536 of the OARs your application may be denied.
• The surveyor may arrange for the second initial survey to be conducted with the applicant at the Health Care Regulation and Quality Improvement offices.
• If the request for a new survey is not received within 15 days, or if compliance is not achieved during the second initial survey, the agency will be required to submit a new application and fee and repeat all steps of the initial licensure process.

9. When do I need to report changes to the Division?

If the ownership, address or administrator of your agency or subunit changes at any time, you must notify this office, in writing, within 30 days of the change. Some changes require a fee.

10. Any additional information?

The policies and procedures sent to this office cannot be sent back to the agency after review. The length of the In-Home Care Agency initial licensure request process varies depending on multiple factors such as whether or not the request is complete, whether or not additional information needs to be submitted, current work load and availability of resources necessary to complete the request review, etc. Therefore, it is not possible to establish specific time frames. Due to the large volume of applications received, this office would prefer to conduct correspondence through email. Please email general inquiries to mailbox.hclc@state.or.us. We do not accept walk-ins.

********Note for Basic classification applicants only********

The licensure classification of "Basic" requires compliance with OAR 333-536-0075(1) & (10). These requirements include the receiving the medication training on the required topics and a return demonstration competency evaluation for each topic. The training and competency evaluation
must be documented as required under OAR 333-536-0075, and must be completed by a "qualified individual." "Qualified individuals" are defined in rule under OAR 333-536-0005(23).

Do not send revised policies or procedures or forms unless specifically instructed to do so by someone in this office.

Please remember that the policies and procedures submitted by the agency and reviewed by this office represent only a small portion of the policies, procedures and forms necessary to direct all administrative, personnel, and client care operations of the agency as required by OAR 333-536-0050. It is expected that all policies and procedures will be complete and reflect an assurance of compliance at the time of the initial survey.

Attestation form

The applicant's next step is to revise the policies and procedures as needed. Please use this letter as a guideline for changes. Once the policies and procedures are in compliance, complete, sign, and date the attached attestation form and return it to this office. The applicant should only return the attestation form when there is an assurance of compliance with all requirements and the agency is ready for an initial licensure survey. If the applicant is unable to attest compliance within 60 calendar days of receipt of this letter please inform this office in writing that more time is required.

If we do not hear from the applicant within 60 calendar days we will consider the application incomplete and will close the file. The applicant will be notified of this in writing and that it may reapply for licensure. The applicant's license fee will not be refunded and another fee will be required if the applicant re-applies.

Initial survey

When the completed and signed attestation form has been received, the applicant will be contacted and a survey will be scheduled.

Licensing decision

If at the time of the initial survey the applicant is found to be in compliance with the rules governing in-home care agencies, licensure will be approved effective on that date.
If the applicant is found to be substantially out of compliance with the rules a written report will be generated which reflects the areas of non-compliance and the applicant may be denied a license. The report and written notification of a licensure determination will be sent to the applicant in accordance with OAR 333-536-0023.

RE: IHC agency Criminal Background Check Inquiries

Purpose: The purpose of this memo is to provide clarification related to the IHC criminal records check rules (OAR 333-536-0090).

Criminal Record Checks conducted by the Background Check Unit (BCU)
If the agency is using the Department of Human Services (DHS) Background Check Unit (BCU) for criminal record checks, OAR 333-536-0093(7) require that an agency to complete a separate nationwide check through a qualified vendor. The agency will also need documentation of an LEIE check. The BCU does not include a nationwide check as part of their process, unless the SI has submitted fingerprints. The BCU also do not conduct an LEIE check.

Criminal Record Checks conducted before hiring an SI (for employment or as a volunteer), and every three years thereafter
The IHC OARs (333-536-0093(2)) require that an agency to conduct a criminal records check before hiring an SI. “Before hiring” means that the check must be conducted before the employee is hired and/or orientation or training is provided to the SI.

OAR 333-536-0093(13) requires an agency to conduct a criminal records check every three years from the date of the date of the SI’s last criminal records check.

NPDB requirement
The National Practitioner's Data Bank (NPDB) has very specific eligibility requirements to conduct a query on an individual. These eligibility requirements will exclude most In-Home Care Agencies from being able to register with the NPDB to conduct queries.

As such, the Division will not enforce the requirement at OAR 333-536-0093(9), as it relates to the NPDB. Agencies will still be required to query the List of Excluded Individuals and Entities (http://exclusions.oig.hhs.gov/).

Required check topics
OAR 333-536-0093(8) & (9) requires the criminal records check to include the following:
• Name and address history trace;
• Verification that the SI’s records have been correctly identified, via date of birth check and Social Security number trace;
• A local criminal records check, including city and county records for SI’s places of residence for the last seven years;
• A nationwide multijurisdictional criminal database search, including state and federal records;
• A nationwide sex offender registry search;
• The name and contact information of the vendor who completed the records check;
• Arrest, warrant and conviction data, including but not limited to:
  • Charge(s);
  • Jurisdiction; and
  • Date.
• Source(s) for data included in the report.
• An agency shall perform and document a query of an SI with the List of Excluded Individuals and Entities (LEIE).

**LEIE check and other required documentation**
The IHC Oregon Administrative Rules (OARs) (333-536-0093(9)) require that an agency perform and document a query of a subject individual (SI) with the LEIE. An agency may conduct those checks on the Office of Inspector General’s (OIG) website: [http://exclusions.oig.hhs.gov/](http://exclusions.oig.hhs.gov/) or through their qualified vendor.

Some vendors that perform criminal records checks (CRCs) may perform the LEIE check as part of the CRC package(s). However, those vendors may not always provide the agency with documentation of the check and the result for each individual. Regardless of if the LEIE check is done by the agency or done by a CRC vendor, the LEIE check and result must be documented specifically for each individual and maintained in that employee's personnel file. HFLC will not accept a letter from the company as documentation.

The same is true of the list of required checks in OAR 333-536-0093(8)(a-g) (including the National Sex Offender Registry: [http://www.nsopw.gov](http://www.nsopw.gov)). The results of each category must be documented on the record check report. Please contact your vendor to include the required information on the record check report.

**Qualified Vendor documentation**
OAR 333-536-0093 (6)(b) requires an agency to show proof that the vendor is qualified by:

1. Accreditation by the National Association of Professional Background Screeners (NAPBS)
   Please note, membership is not accredited. If the vendor is a member of NAPBS but not accredited, then the vendor qualification requirement has not been met.

OR
2. Being in business for at least two years; Having a current business license and private investigator license, if required in the company’s home state; and Maintaining an errors and omissions insurance policy in an amount not less than $1 million.

Accreditation proof can be obtained through the NAPBS for option 1 above. Contact your vendor for copies of the proof needed for option 2 above. Proof must be maintained in your agency files.

Disqualifying conviction crimes
OAR 333-536-0093(3) requires that an SI who has or will have direct contact with a recipient of in-home care services may not be employed or volunteer with an agency in any capacity if the criminal records check conducted reveals the SI has been convicted of a crime as described in ORS 443.004(3).

These are described as “disqualifying conviction” crimes, because you cannot employ anyone who has been convicted of one of these crimes. A list of “disqualifying conviction” crimes are available online and should be incorporated into agency policy and procedures.

Please note, DHS has a list of “disqualifying conviction” crimes that is different than those for IHC. An agency must make sure they are using the correct list when conducting criminal records checks.

Weighing test requirements
OAR 333-536-0093(4) requires that an agency shall have a policy that includes weighing test actions should the records check screening indicate that an SI has been convicted for any crimes against an individual or property (other than those identified in ORS 443.004(3)). The weighing test must include at least the following:

- The agency shall consider circumstances regarding the nature of potentially disqualifying convictions and conditions including but not limited to:
  - The details of incidents leading to the charges of potentially disqualifying convictions or resulting in potentially disqualifying conditions;
  - The age of the SI at the time of the potentially disqualifying convictions or conditions;
  - Facts that support the convictions or potentially disqualifying conditions; and
  - Passage of time since commission of the potentially disqualifying convictions or conditions.

- Other factors that should be considered when available include but are not limited to:
  - Other information related to criminal activity including charges, arrests, pending indictments and convictions. Other behavior involving contact with law enforcement may also be reviewed if information is relevant to other criminal records or shows a pattern relevant to criminal history;
  - Periods of incarceration;
  - Status of and compliance with parole, post-prison supervision or probation;
  - Evidence of alcohol or drug issues directly related to criminal activity or potentially disqualifying conditions;
  - Evidence of other treatment or rehabilitation related to criminal activity or potentially disqualifying conditions;
- Likelihood of repetition of criminal behavior or behaviors leading to potentially disqualifying conditions, including but not limited to patterns of criminal activity or behavior;
- Changes in circumstances subsequent to the criminal activity or disqualifying conditions including but not limited to:
  - History of high school, college or other education related accomplishments;
  - Work history (employee or volunteer);
  - History regarding licensure, certification or training for licensure or certification; or
  - Written recommendations from current or past employers;
- Indication of the SI’s cooperation, honesty or the making of a false statement during the criminal records check process, including acknowledgment and acceptance of responsibility of criminal activity and potentially disqualifying conditions.

- An agency shall consider the relevancy of an SI’s criminal activity or potentially disqualifying conditions to the paid or volunteer position, or to the environment in which the SI will work, especially, but not exclusively:
  - Access to medication;
  - Access to clients’ personal information;
  - Access to vulnerable populations.

- An agency shall document the weighing test and place in the employee’s file.

**Criminal Record Checks for Agency Administrators and Owners with direct client contact**

Regarding criminal record checks for administrators and owners (OAR 333-536-0093(14)) - The owner/administrator background check form is on the HFLC website (www.healthoregon.org/hfc). The Background Check Request form found on the HCRQI website is the **ONLY** form that will be accepted and must be submitted with the agency yearly renewal.

Please ensure that you fill out all sections, include all required information, sign and date the form. We do not accept copies of other background checks run by other vendors (including Department of Human Services (DHS) checks).

During your agency’s licensure renewal time make sure you send in a background check request form for every owner and administrator that has direct contact with clients. These requests need to accompany all applications, even if you have turned in a request in the past. Unless specifically requested by this office, an agency only needs to turn in the Background Check Request for the administrator and owner with the relicensure application or change in administrator/owner.
