Key Definitions

- **County General Funds** = Funds that come from the county general fund budget.
- **County Other Funds** = Generally, these are funds that the county generates through collection of fees, insurance reimbursement or other means. Grants or other funding from outside funders are NOT considered County Other Funds.
- **In-kind Support** = These are non-cash contributions that are covered by the LPHA/County as in-kind and do not appear in the LPHA's account systems and reports. Contribution amounts should be based on the fair market value of the contributions. (Example: LPHA uses a county-owned or leased building but is not charged rent either directly or through indirect costs). In-kind Support can only be counted once and should only be included in line #3.

PLEASE NOTE: Data reported should reflect only FY2026 expenditures, not FY 2026 budgeted amounts.
