MOTS: 3 Things You Need To Know!

1. MOTS Registration is NOW Open

MOTS, the new system replacing CPMS, is ready for providers to begin the registration process and set themselves up in the new system. To assist you through this process, COMPASS staff are hosting numerous live webinars on the registration process and demonstrating how to register in the system. A list of the webinar dates and how to sign up are listed on the COMPASS web page at:

<http://www.oregon.gov/OHA/amh/pages/compass/index.a.spx>.

If you don't make it to the live webinars, a recorded webinar will be posted by the first of November. Also review the web page on how to determine who should be a system administrator for your organization, and review the system admin user guide which will assist you through the process, and as well as other valuable information.

2. Client Entry Data Collection System Trainings begin in Early November

Within the CPMS Messenger this month is a flyer/registration form that provides you with our first round of Client Entry classroom trainings offered around the state. Client Entry trainings will be computer-based classroom train-of-trainer (TOT) structure. COMPASS staff will provide an overview of the system and get your hands on training for up to two persons from each organization. These two individuals will then be responsible to train other staff back at your agency or facility. Review the flyer within the Messenger and sign up right away, as class space is limited.

3. EDI Data Submission Method

For providers that will be submitting their data to MOTS using the EDI data submission method, or submitting a data file from your own electronic health record (EHR) system, the COMPASS Project team expects to begin accepting test files no later than 12-31-2013. Emails and articles within the Messenger will continue to keep you posted on our progress.

NEED THIS IN AN ALTERNATE FORMAT? PLEASE CALL 503-945-5763.

TERMINATION

Type 70!

This article is for Mental Health programs only.

Often times we receive the question: *What are the criteria for using Termination Type 70 – Client Placed in Recovery Support Services?*

Termination Type 70 can be used for Individuals that are no longer receiving Active Treatment.

This code is typically used for clients that are no longer taking part in any sessions or other activities the program offers. However the Program Counselor regularly (2-6 times a year) contacts the individual to see how they are doing.

CONFIDENTIALITY NOTICE

This mail may contain information that is privileged, confidential, or otherwise exempt from disclosure under applicable law. If you are not the addressee or it appears from the context or otherwise that you have received this mail in error, please return to the sender without reading, copying or disclosing its contents to any other person.

Thank you!

SPECIAL ITEM

This column is for the users of our CPMS E-form. In this application there are 2 columns in the Client Center when showing all the details that indicate if the enrollment form and or the termination form are exported. They are Export (E) and Export (T).

Export (E)	Export (T)
Yes	No
Yes	No
No	No
No	No
Yes	No

This column can show No or Yes. We often receive the question that a record does not show on the MMR

but has Export(.) Yes in the CPMS E-form application.

I would like to clear up a misconception about this. Please remember that the export procedure from the E-form is a

2 step process.

1: Create the export file

2: Attach the file to an e-mail and send to cpms.oasis@state.or.us

If step 2 is forgotten the file will never reach us and the records will never show up on the MMR.

I have a question

There are times when we won't have the answers for boxes 112, 113, and 114, the Youth School Boxes for our youth clients. If I code a Termination Type of "03 - Treatment is Complete," can I put unknowns in the Youth Only boxes?

A termination type of "03 – Treatment is Complete" assumes that you have met regularly with your client and have been working with outside agencies to assist you in this endeavor. Please work with the school counselor or the parents to determine the answers to the three youth only boxes. We use data from these boxes to show the legislature that treatment works and to request additional funding.

Website location!

Our manuals and e-form applications can be found at: <http://www.oregon.gov/OHA/amh/training/cpms/index.shtml>

Previous versions of the CPMS Messenger can be found at the same web address

Thank you for taking the time to read through this newsletter. If you have ideas or questions you want addressed in future newsletters, please let me know. – Piet Vermeer, Senior Systems Analyst, AMH, 503-945-5960 or piet.j.vermeer@state.or.us
