Update to REALD Question 4

Question 4 on the REALD tab has been updated in the following ways:

- There is now a triage question that will show or hide subsequent questions based on the answer.
- The language lists from which users can select on 4a, 4b, and 4c have been updated and greatly expanded.
- 4a is a lookup field in which users can select multiple answers.
- 4b and 4c are lookup fields in which users can select single answers.
- A video explaining how to select languages in 4a is available [here](#). The user guide and other documentation will be updated to include this training.

The screenshot shows the REALD interface for user Kira Lesley. The top navigation bar includes options like Save, Deactivate, Connect, Assign, Change Password, Refresh, Check Access, Word Templates, and Run Report. The main content area displays question 4: "4. Is English the only language used at home?" with a "No" answer. Below it is question 4a: "4a. What language or languages do you use at home?" which is a multi-select lookup field. An orange arrow points to the "Select Language(s)" button. The selected language is "Tagalog". Below 4a are questions 4b and 4c, which are single-select lookup fields. Question 4b is "4b. In what language do you want us to communicate in person, on the phone, or virtually with you?" with "Ukrainian Sign Language" selected. Question 4c is "4c. In what language do you want us to write to you?" with "Urdu" selected.
