# ARIAS Release Notes

System Update - Monday, September 28<sup>th</sup>, 2020

## Date of Birth Verification Removed for Automated Assessments

- The Date of Birth verification has been removed for both text and email automated assessments
- Contacts will only need to enter in the security CAPTCHA question

### BEFORE:

### Assessment

---

Please confirm your Date of Birth and then enter the code below. You can use the format "1/31/1970" or select from the calendar.

Generate a new image  
Play the audio code

Enter the code from the image

---

### AFTER:

### Assessment

---

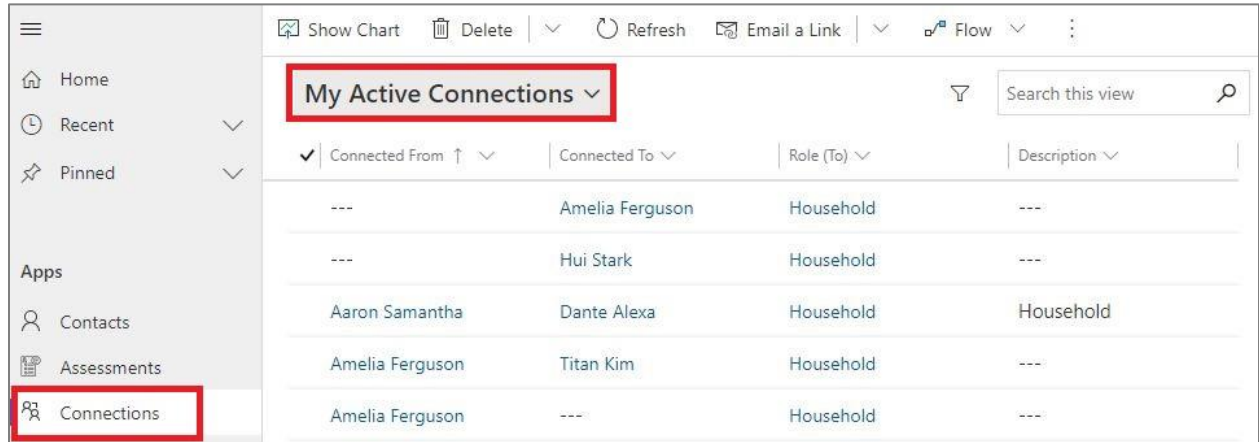

Generate a new image  
Play the audio code

Enter the code from the image

---

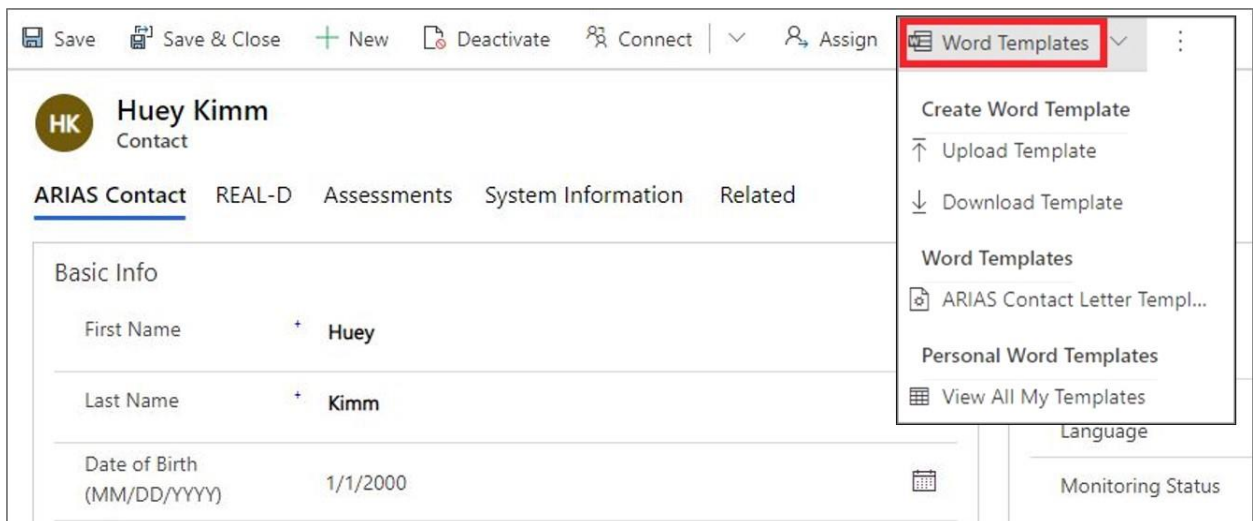

## New Connections App and My Active Connections List View

- There is now a new Connections app located in Apps
- My Active Connections list view will:
  - Display all your active connections
  - Include the names of both connected contacts, role, and description
  - Default sort by Connected From

## Ability to Generate and Download Form Letters

- You can now generate custom letters with any custom text and have it auto populated with field(s) from the contact's page

## "Completed" Completion Status Will Update the Date of Assessment

- When an assessment is changed to "Completed", it will update the Date of Assessment to the date when it was changed to "Completed"
