**RULE SUMMARY**

This rule specifies the medical billing codes for which the OHP FFS medical surgical program requires prior authorization (PA) for reimbursement. The codes for which PA is required are listed in Table 1 of the rule. The amendment to the rule adds the billing codes used for out-of-hospital birth services to the list of codes requiring prior authorization.

The agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.

OHP FFS Program, Begin Requiring Prior Authorization for Billing Out-of-Hospital Birth Services  
Rule Caption (Not more than 15 words that reasonably identifies the subject matter of the agency's intended action.)

In the Matter of: The amendment of OAR 410-130-0200

Statutory Authority: ORS 413.042

Other Authority:

Stats. Implemented: ORS 414.025 & 414.065

Need for the Rule(s): The Oregon Health Authority has authority to withhold payment for out-of-hospital births in cases where the pregnancy was not low risk. It is best to evaluate for risk before the birth and prior authorize the best method to do this. Using prior authorization and evaluating risk before the baby is born both promotes public safety and provides timely feedback to practitioners regarding the likelihood of payment. A revision to OAR 410-130-0200 is needed to give authority for the Oregon Health Authority to require prior authorization for out-of-hospital birth services.

Fiscal and Economic Impact: None

Statement of Cost of Compliance:

1. Impact on state agencies, units of local government and the public (ORS 183.335(2)(b)(E)): Amending these rules will have no fiscal impact on the Authority, other state agencies, units of local government, the public, or businesses, including small businesses.

2. Cost of compliance effect on small business (ORS 183.336):

a. Estimate the number of small businesses and types of business and industries with small businesses subject to the rule: Some providers of out-of-hospital birth services are small businesses. The majority, but not all, are licensed direct entry midwives. There are currently 99 midwives with active licenses in the state that may be subject to this rule.

b. Projected reporting, recordkeeping and other administrative activities required for compliance, including costs of professional services: This rule will require that providers share records that they are already keeping with the Authority. The additional burden of packaging up records to share with the Authority should be small.

c. Equipment, supplies, labor and increased administration required for compliance: None

How were small businesses involved in the development of this rule? Small business providers gave input at the RAC.

Administrative Rule Advisory Committee consulted?: Yes. RAC participants included representatives from independently practicing LDMs and Authority staff. If not, why?:

(1) For fee-for-service (FFS) clients, prior authorization (PA) is required for all procedure codes listed in Table 130-0200-1 regardless of the setting in which they are performed. For details on where to obtain PA, download a copy of the Medical-Surgical Services Supplemental Information booklet at: <http://www.dhs.state.or.us/policy/healthplan/guides/medsurg/med-surgsupp0912.pdf>

- ii) Bariatric surgeries,
- iii) And most transplants;

- (c) For hospital admissions unless the procedure requires PA.

(8) The Division may request a second opinion before PA is given for a surgery.

(9) Treating and performing practitioners are responsible for obtaining PA.
