Important Information

September Enrollment in a Medical or Dental Plan

On September 1, 2006, OMAP will enroll some or all members of your household in a Managed Care Plan. OMAP has contracted with this Plan to manage and provide your medical and/or dental care.

This means

Your medical or dental care benefits will not change; however, you will receive them through your Managed Care Plan(s).

Your Plan will send you information about itself. Medical Plans will also send a list of Primary Care Providers (PCP) for you to choose from.

Your medical PCP will:

- Provide or coordinate your medical services and treatments.
- Keep your medical records in one place to give you better service.
- Provide access for you to medical care 24 hours a day, 7 days a week.
- Be your first contact when you need medical care.
- Arrange for your specialty or hospital care when needed.

Benefits of managed care:

- You and your family will have guaranteed access to appropriate medical or dental care.
- You will have access to health care 24 hours a day, 7 days a week.

Medical Care ID

Field 8 of your September OMAP Medical Care ID will list you and your household's new Medical or Dental Managed Care Plan.

30-day enrollment change

Depending on the area of the state you live in, you may be able to change Plans in the first 30 days of enrollment in your new plan. Call your caseworker about your options.

Delayed enrollment

Your Medical Plan enrollment may be delayed if you are scheduled for surgery or are in the last 3 months of a pregnancy. If you need to delay enrollment for these reasons, call your caseworker.

Native Americans are not required to be in a Managed Care Plan

If you are a Native American, you can choose to be enrolled in a Managed Care Plan or receive medical/dental services from any provider who will take your OMAP Medical Care ID. *Contact your caseworker if you do not want to be enrolled in a Plan.*
