**Message:**

The attached notice will be mailed to approximately 1,315 households this week. These clients live in mandatory managed care areas and are required to be enrolled in a medical and/or dental managed care plan. The notices inform them they are being enrolled into a medical or dental plan on July 1, 2007.

They may change plans in the first 30 days of their enrollment and are instructed to call their workers to do so. Clients with continuity of care issues may be exempted.

On July 1, 2007, the Division of Medical Assistance Programs (DMAP) will enroll some or all members of your household in a managed care plan. DMAP contracts with this plan to manage and provide your medical and/or dental care.

### **This Means**

Your medical or dental care benefits will not change; however, you will receive services through your managed care plan(s).

Your plan will send you information about itself. Medical plans will also send a list of primary care providers (PCPs) for you to choose from. Check to see if your current providers are on the list so you can continue to see them for health care.

### **Your Medical PCP will:**

- Provide or coordinate your medical services and treatments;
- Keep your medical records in one place to give you better service;
- Provide you access to medical care 24 hours a day, 7 days a week;
- Be your first contact when you need medical care;
- Arrange for your specialty or hospital care when needed.

### **Benefits of managed care:**

- You and your family will have guaranteed access to appropriate medical or dental care.
- You will have access to health care 24 hours a day, 7 days a week.

### **Medical Care ID**

Field 8 of your July OMAP Medical Care ID will list you and your household's new medical or dental managed care plan.

### **30-Day Enrollment Change**

Depending on the area of the state you live in, you may be able to change plans in the first 30 days of enrollment in your new plan. Call your DHS worker about your choices.

### **Delayed Enrollment**

Your medical plan enrollment may be delayed if you are scheduled for surgery or are in the last 3 months of a pregnancy. If you need to delay enrollment for these reasons, call your worker.

### **Native Americans Are Not Required to be in a Managed Care Plan**

If you are a Native American, you can choose to be enrolled in a managed care plan or receive medical and dental services from any provider who will take your OMAP Medical Care ID. Contact your worker if you do not want to be enrolled in a plan.
