Message:

The Department of Human Services (DHS) is continuing to make progress in our efforts to open the OHP Standard reservation list. While we do not have an exact implementation date at this time, we are expecting to open the OHP Standard reservation list during the first quarter of 2008. Once final issues are resolved and we are confident that all areas of operation are prepared, we will set and announce an implementation date.

Once we have an implementation date we will:

- Print and distribute informational materials to DHS offices, outreach facilities and community partners.
- Conduct trainings on the reservation list process for DHS staff and interested outreach groups and community partners. We will send you training schedules and registration information as soon as we have a date.

The reservation list process that we have developed for OHP Standard enrollment has not changed.
