Message:

DMAP will post the attached announcement to "News and announcements" section of the Health Record Bank of Oregon (HRB Oregon) [project information page](#). It informs subscribers to the OHP Stakeholders and HRB Oregon Web pages that DHS will hold a series of product demonstrations to gather information about options for implementing HRB Oregon.

HRB Oregon is Oregon's Medicaid Transformation Grant project. As stated in a recent [DHS news release](#), the goal of HRB Oregon is to implement an online health record bank for Oregon Medicaid patients and their providers by spring 2009.

- DHS invites staff, stakeholders, partners, clients, client advocates, and the public to attend so that they can provide input about the presentations. If you know of anyone who would be interested in how HRB Oregon is developed, make sure to encourage them to register and attend these presentations.
- DHS will use the information from these presentations to develop the Request for Proposal (RFP) that will include the desired system requirements and capabilities for HRB Oregon.

DMAP will also post and eSubscribe information about these demonstrations on the [OHP Public Meetings page](#).
