The following provider alert is now available on the [DMAP Provider Announcements page](#), [Pharmacy Provider Announcements page](#), and [MMIS - What's New](#) RSS feed. DMAP will also add an RA banner to all outgoing RAs that directs providers to this announcement on the Web.

The announcement tells providers that DHS is aware of errors in a recent 1099 mailing.

- DHS is currently reviewing and correcting provider records to prepare for a larger 1099 mailing. This second mailing will include mailing corrected 1099s to the providers affected by the mailing described in this announcement.
- If you have contact with providers with questions about their 1099, please let them know that DHS is aware of issues with the 1099s and will mail corrected 1099s as soon as possible.

### **Status of 1099 forms to DHS providers**

---

DHS recently mailed its first round of annual 1099 forms to identified providers. You may have received incorrect or misdirected 1099 information from this mailing for one of the following reasons:

- The 1099 reflected the correct Tax ID, but was addressed to the wrong name and address;
- The 1099 reflected the wrong Tax ID and wrong name and address; or
- Dollar amounts on the 1099 did not match the earnings reported for the Tax ID listed.

Several 1099 forms also have been returned to DHS due to insufficient address (missing street address).

DHS is currently reviewing all 1099s mailed to resolve these issues, and will mail corrected 1099 forms as soon as possible.

---

### **Questions?**

**If you have any questions about the status of your 1099, please hold your questions until DHS mails the corrected forms.** DHS will post another announcement when the forms are mailed.

Thank you for your continued support of the Oregon Health Plan.
