**Message:**

A change was made to the June OHP 7210R application mail date. The original mail date was to be June 4. The mail date was adjusted to June 9. For several days the database showed June 4 as the 7210R mail date before being changed to June 9.

If you told a client that June 4 was their eligibility date before the change was made to the database, please use June 4 as their OHP Standard medical eligibility start date and narrate. If you did not previously tell the client they would be eligible on June 4, use the June 9 date if the client was eligible on that date.

If you have any questions about the policy, please e-mail SSP-Policy, Medical.
