Upcoming Lead Training Courses

This report lists classes that are being offered in the next 120 days. Any questions about the courses listed should be directed to the training provider.

Enrolling in a refresher course?

You MUST have a valid initial training certificate to be eligible for a refresher course. If your certificate expires before the date of the course you want to take, you will need to take the initial class again. Anyone enrolling in a refresher course must submit a copy of their initial training certificate to the training provider.

If you do not have your initial certificate, contact the training provider that taught the course to obtain a copy. If you do not know the name of the training provider, call the Oregon Lead-based Paint Program for assistance at 971-673-0440.

Are there training courses that I can take online?

A portion of the RRP Renovator Initial course can be completed online at any time through Oregon Home Builders Association (oregonhba.com). Contact them for further details about this option.
