FROM:  Steve Divan, Weatherization Program Coordinator
RE:    Annual Energy Information Administration (EIA) electricity rate update.
DATE:  9/29/2017

Greetings,

Effective October 1, 2017, the Oregon EIA average electricity rate is **10.97 cents per kWh**.

The ability to utilize EIA rates applies to DOE, ECHO, BPA and LIHEAP funded projects.

All projects audited on or after October 1, 2017 have the option to use either actual electric rates or the averaged electric rate shown above.

OHCS will update the EIA rates annually each October 1st.

If you have any questions, please contact me at (503) 986-0979.

Best Regards,

Steve Divan
Weatherization Coordinator
