Low Income Housing Tax Credit
Carryover Application 2022

INTRODUCTION

If a project has a reservation for this year's tax credits and is not placed in service by December 31, 2022, the project's tax credit allocation, the credit award will be lost. An exception to the general rule is made if:

1. The ownership entity (taxpayer) has incurred more than 10% of the reasonably expected basis* in the development within twelve (12) months after the date the allocation is made; and
2. The project is placed in service not later than the close of the second calendar year following the calendar year in which the allocation was made.

*For the purposes of this rule, the term **basis** means adjusted basis of land and depreciable property whether it is included in the eligible basis or not.

Note: It is crucial to ensure that the same entity that receives the credit allocation satisfies the 10% of costs incurred test.

To qualify for this exception, the ownership entity must complete an application for a carryover allocation ("Carryover Allocation") and submit the application and all the required documentation to OHCS no later than November 1 of the tax credit year for which they received a reservation of award, as specified in the Reservation and Extended Use Agreement (REUA).

(e.g., if the project received a Reservation of 2022 credits, the Carryover Application must be submitted no later than November 1, 2022, and the project must be placed in service no later than December 31, 2024, in order to be able to use its allocation of credits).

This Carryover Application is intended to assist project owners in demonstrating that they have met Section 42 carryover allocation requirements.

All owners that have executed the REUA for 2022 credits must complete the Carryover Application. Failure to complete the Carryover Application and execute the Allocation Agreement as outlined in the QAP and this application will result in loss of LIHTC for the project. (For the purpose of Section 42 administration, funds that supplement and/or replace the original award of tax credits constitute the tax credit award, and both the carryover allocation and the associated 10% test remain valid processes that must be completed.)

The complete Carryover Application and required documentation must be received at OHCS' office no later than November 1, 2022 or a late charge of \$1,000 will be assessed. An additional charge of \$200 per business day after December 1st will also be assessed. If the application requires OHCS to re-review the application or agreement due to substantial changes, an additional review charge of \$100 per hour may be assessed.

REQUIRED DOCUMENTATION TO ENTER INTO A CARRYOVER ALLOCATION

1. **Carryover Application**, including but not limited to:
 - a. Updated Applicant and Project Summary;
 - b. Updated Project Schedule;
 - c. Updated project pro forma, including sources and uses, income and expenses;
 - d. Certification of receipt of subsidies and grants;
 - e. Third party certification on the format attached, that the owner's basis (incurred costs) in the project is more than 10% of the reasonably expected basis of the completed project OR;
 - f. an owner's self-certification that cost will be expended within the twelve months after the allocation, followed by the independent third party cost certification, but no later than December 31, 2022;
 - g. Certification that the owner has received title to the project site or control of the project site. Control of the site shall, at a minimum, correspond in length of time to the period of project affordability.
2. **If the project includes any non-residential and/or commercial costs, please separate those costs and state them as a percent of total costs.**
3. Copy of **Draft Partnership Agreement (if available)** indicating tax credit proceeds available to the project together with a contribution schedule.

EXECUTION OF THE CARRYOVER ALLOCATION

Once OHCS has received all necessary documents and determined that the carryover requirements have been met, OHCS will then prepare a Carryover Allocation agreement. **(Allow a minimum of three to five days for preparation). The Carryover Allocation must be executed by both the Sponsor and OHCS before December 30, 2022.**

Failure to fully execute the Carryover Allocation will result in the loss of LIHTC to the development. Please return the executed Carryover Allocation agreement to OHCS as soon as possible to allow time for OHCS to execute the document. Be sure to verify your signatory officers will be available when needed to sign during the holiday season. Please plan accordingly.

NOTE: If the entity receiving the credit allocation is different than the entity in the original application, you will need to submit a Board Resolution and Authorization and Acceptance form for the new entity indicating authorized signors.

Unit Type and Percent of Median Income Designation

In the table below, please insert the following information:

- List the unit type (SRO, studio, one (1) bedroom, etc.).
- List the total number of each unit type.
- Indicate the income and rental limitations of the proposed units. Assume all funding source restrictions when completing. Round up to the nearest ten percent (10%), i.e., a forty-seven percent (47%) rental charge would be listed as fifty percent (50%).
- Indicate the number of units in each unit type that has site-based rental assistance.
- List the square footage of units and total square footage for each unit type. For the unit square footage, the inside wall measurement should be used.
- Please Note: Manager unit(s) must be included in this table.
