Subject: 2023 Proposed Method of Distribution Public Comment Response

Hello,

Thank you for joining the Public Comment Meeting for the 2023 Proposed Method of Distribution. This email is to thank you for your comment and provide written response in regards to your question about completing requirements such as a language access plan.

A Limited English Proficiency Plan is, indeed, a part of federal requirement that we ask our awardees to complete as a part of the 1st draw requirement. We have addressed this specifically within the CDBG Grant management handbook Chapter 7. In it we have provided guide to create LEPP as directed by HUD.

Should you need more information on this matter please feel free to let me know.

Best,

Brizna Garcia (She/Her/Hers)
