Re: COVID-19 Impacts on Development Survey

Partners and Stakeholders –

As the impacts of COVID-19 are felt in communities around the world, we know you are working to determine the impact for your organizations and anticipated and active affordable rental housing developments in Oregon. As you may recall, about a month ago we issued a brief survey to get an early snapshot of anticipated impact. We are following up now with this survey to see how the COVID-19 impacts have evolved.

Please take this opportunity to share your insights with OHCS by taking [the affordable housing developer survey at this link](#).

This information will help us to be as responsive as possible moving forward as we are certain that the need for affordable rental housing will only continue to grow. Maintaining and supporting an affordable housing development pipeline is important, and we are committed to doing whatever we can to help support you in these efforts.

If you have any questions or concerns throughout this crisis please don't hesitate to reach out to OHCS staff in the Affordable Rental Housing Division at ARH.HCS@oregon.gov. Please stay safe and healthy!

Sincerely,

A handwritten signature in cursive script that reads "Julie V. Cody".

Julie V. Cody

Director for Affordable Rental Housing
