Any non-federal entity that receives or administers federal financial assistance in the form of grants, loans, subsidies, insurance, food commodities, direct appropriations, assessed and voluntary contributions; and/or other financial assistance transactions that authorize non-federal entities expenditure of federal funds, is subject to these requirements. Prime contract awardees and prime grant awardees are required to report against subcontracts and subgrants awarded in the FFATA Subaward Reporting System (FSRS), the reporting tool for federal prime awardees. This information will then be displayed on a public and searchable website: www.USASpending.gov.
