Overall Progress Narrative:

In Q1 2026, staff continued to implement all seven ReOregon programs. The Down Payment Assistance program gained steam as the first home purchases happened. Under the PIER program, Jackson and Lane County economic development projects received a record number of small business grant applications. The Affordable Housing Development program provided approval for several projects proposed by subrecipients in Q1. Technical assistance resources continue to be available for all partners carrying out program/project implementation.

Major milestones in Q1 include:

- First three home purchases took place under the DPA program. All three households participating had lost their previous homes in the fires.
- Two revolving loans were disbursed, with two more anticipated for Q2 2026 and 76 micro-grant applications were accepted through PIER economic development projects.
- Under the HARP program, a Universal Design approach to building program plans for use across the state has led to meeting or exceeding code requirements in over 90% of all state geographic locations for seismic and wind/snow load

OPERATIONS AND COMPLIANCE

In Q1 2026 the Compliance team provided technical assistance to multiple subrecipients which clarified grant requirements, policy guidance, procurement processes, including coordinating with OHCS Compliance for fiscal monitoring of subrecipients. Compliance staff also updated documents to reflect 2/13/2026 Federal Register updates increasing Section 3 reporting threshold to $300,000.

OHCS-DRR Compliance and Finance worked with program staff to clarify and document survey method and required beneficiary data for low mod calculations, for area benefit activities. Compliance staff continues to adjust DRGR activities to accurately reflect program work and beneficiaries. Several HARP Outreach contracts were amended to consolidate HARP Outreach and Intake work, and DRGR Activities have been updated to reflect this

Narrative:

Housing Stabilization Services (HSS) consists of three interconnected programs: Intermediate Housing Assistance (IHA), Down Payment Assistance (DPA), and Housing Counseling Services (HCS).

During Q1 2026, the four IHA partners continued delivering rent, utility, and housing stabilization support to participants experiencing housing instability. The number of supported households continued to trend downward this quarter as more families successfully exited the program into permanent housing. Throughout the reporting period, participating households received ongoing rent and utility support while actively working toward goals outlined in their housing stabilization plans. IHA partners also remained engaged in required training and technical assistance meetings.

Partners implemented the newly launched DPA and HCS components of HSS in Q4 2025. Since launch, the programs have experienced significant success, with more than 100 combined referrals to DPA and HCS. Three wildfire survivors have closed on their new homes, with another currently under contract, and an additional 25 households are actively working with the homeownership team. Currently, 32 households are progressing through HCS services to become homeownership-ready, and 37 referrals are in process across all counties. A small number of referrals were deemed ineligible for various reasons.

Overall, participation and outcomes across the HSS programs continue to grow rapidly, and early indicators demonstrate strong and increasing program impact.

Narrative:

The Governor's Office and OHCS continue to collaborate with local partners to incorporate resilience needs identified through local resilience forums. We also meet weekly with university partners to develop the overall statewide resilience strategy. Additionally, we continue to work with nine Tribal Youth Councils on a resilience pilot program. Our target is to have the plan developed by September 7th, 2026.

Narrative:

The HARP program saw strong Q1 performance, completing 62 grant agreements or $0 determinations, issuing 38 checks, supporting 6 Home Purchase awardees in closing on homes, delivering 18 construction scopes of work, and issuing 71 preliminary awards across all pathways.
Intake and Outreach partners worked to get applicants to complete Eligibility Questionaries (EQs) ahead of closing EQ applications 12/31/2025. There are 430 active submitted HARP applications as of 3/31/2026.
HARP program updates: 71 applicants received a preliminary award across all pathways in Q1. 18 applicants in the three construction pathways received a scope of work.
HARP Reconstruction : HARP's A&E vendor completed all 11 home program plan sets for HARP applicants early Q1, which can be used across roughly 90% of Oregon jurisdictions in future disasters. The team also completed a carport program plan. Additionally, in Q1, OHCS and A&E decided to add an additional three plan sets for enhanced accessibility which will total 4 sets. Finally, our first reconstruction award was provided to a HARP applicant.

- HARP Manufactured Home replacement: 3 to notice to proceed with construction, 5 to contractor selection (bid complete), and 5 to preliminary award.
- HARP home reconstruction: 1 to notice to proceed with construction, 2 to contractor selection (bid complete), and five received a preliminary award.
- HARP Home Purchase: 6 recipients closed on homes.
- HARP Rehabilitation: four rehab projects reached completed construction and final draws, 20 received a notice to proceed with construction, and five received a preliminary award.
- HARP Reimbursement: 62 applicants processed, either signing a homeowner grant agreement or receiving a $0 reimbursement determination. 38 applicants received a check in Q1.
- OHCS and ICF continued to do local HARP construction presentations and Q&A sessions for homeowners and contractors .

Narrative:

In Q1, OHCS & DRR Leadership directed the transfer of management of the Jackson County and Douglas Couty AHD projects to the ARH division of OHCS. The handover of those projects has been ongoing during Q1. Also during Q1, OHCS DRR division continued working with the other counties to finalize and approve their AHD projects. During the reporting period, three AHD projects were finalized and approved, with four others still pending. OHCS and partners met on a weekly or bi-weekly basis for technical assistance needs, and to ensure program plans were on track for key milestones in the next quarter. AHD partners worked

throughout the quarter on their Project Approval Forms (PAFs), which were submitted to OHCS for review and feedback.
OHCS finalized and approved PAFs from:

- Clackamas: Keys to Clackamas
- Klamath: Russet Drive Development
- Lincoln: Homeownership, Gannon,

OHCS DRR handed over management of AHD projects to ARH from:

- Adapt: Recovery Housing, Green Family Housing
- Jackson: Bennu Heights

OHCS is continuing to support the finalization, and approval of:

- Lincoln: Marine Avenue, and Nye Street projects.
- Lane: ADU, Cottage Clusters

Narrative:

Housing and Recovery Services (HRS) supports disaster-impacted households through housing navigation and disaster case management services designed to connect survivors with stable housing solutions and recovery resources. Disaster Case Management services, funded via the Oregon Department of Human Services, continued to support disaster-impacted households by connecting survivors to recovery resources across multiple systems. In addition to state-supported case management, OHCS continues to advance broader HRS policy by offering housing navigation funding to counties and other eligible quasi-governmental organizations. During Q1 2026, OHCS focused on supporting active implementation, advancing program launch efforts, and engaging new jurisdictions to assess program fit.
Lincoln County continued active implementation of HRS programming during the quarter. Housing Navigation services remain underway, with consistent engagement between county staff and disaster-impacted households. OHCS maintained regular coordination with the county to support program alignment and ongoing reporting.
Marion County made continued progress toward full program implementation during Q1. Efforts focused on refining program structure, aligning budget and eligible activities, and strengthening reporting and invoicing processes. OHCS continues to provide technical assistance as Marion County advances toward full operational status.
Jackson County achieved significant progress during the quarter, with program agreements fully executed and initial kickoff planning underway. OHCS is coordinating with county staff and their subcontractor to support program launch, including onboarding, training, and alignment on program requirements and reporting expectations.
OHCS also engaged Lane County in exploratory discussions regarding potential HRS implementation. These conversations focused on how HRS housing navigation services may complement existing local recovery systems and

address ongoing unmet needs among wildfire survivors. Lane County has not committed to participation at this time, and discussions remain ongoing.
OHCS will continue working with counties to develop, implement, and expand HRS programming statewide, with a focus on housing stability, coordination across recovery resources, and equitable access to services for disaster-impacted households.

Narrative:

- PIER continued to provide weekly, bi-weekly, or monthly check-ins with subrecipients and project leads, onboarding, program/project implementations, procurement guidance, system of record maintenance, technical assistance, draw request reviews, disbursement approvals, and project advancement support to seventeen subrecipients.
- Two subrecipient agreements and one Amendment were executed for two approved projects during Q1. All PIER subrecipient and project kickoff meetings successfully completed.
- Environmental review for 23 infrastructure projects in-progress during Q1, with all PIER projects currently meeting or exceeding anticipated project milestones per subrecipient agreements.
- Two revolving loans disbursed and 76 micro-grant applications accepted and under review by economic revitalization subrecipients in Jackson (IVCDO) and Lane Counties.
- Quarter 1 PIER Newsletter was distributed via DRR's listserv on March 31, 2026. PIER's public dashboard was kept up to date. With project implementation and kickoff fully completed in Q1, PIER has developed a public "PIER Project Information Board" to be published in Q2.

Activity Description:

The Lincoln County Community Long-Term Recovery Group (LC LTRG) was created in response to the 2020 Otis Oregon wildfires. The Lincoln County Long Term Recovery Group (LC LTRG) coordinates resources and services to support the resilience of local residents impacted by disaster. Their goal is to be prepared to respond to any future disasters declared in Lincoln County.
This activity is for HARP outreach efforts to inform survivors about upcoming processes, help them prepare for the application process, etc. Primarily for LMI applicants
When OHCS determines the proposed accomplishments for this subrecipient, performance measures will be updated. Currently, OHCS has entered zero for for several anticipated measures. OHCS should be able to make updates once the HARP program is lauched and there is more information from the intake process.

In 2020, the North Santiam Canyon was devastated by the Beachie Creek and Lionshead fires. The fires destroyed hundreds of homes and businesses, causing catastrophic economic damage to the Canyon communities, especially the City of Gates. This project will create much-needed new sewer connections to a modern, state-of-the-art wastewater treatment plant, safeguarding the water quality of the North Santiam River for those who rely on it for recreation, business, and residential use.

Activity Description:

Nineteen homes and one business adjacent to Hwy 22 in the NE section of Mill City were destroyed by the Beachie Creek wildfire. These structures were served by the city's water system, but the system did not have sufficient fire flows to fight the fire and protect the homes and businesses. The City has a developer interested in building a mixed-use development (housing and commercial). Water system improvements are required for the project to proceed. Adding fire flow capacity is the first phase of these improvements.

Activity Description:

A landslide at the entrance to North Fork Park (24450 North Fork Rd SE, Mehama, OR 97384) is showing slow continuous movement, made more severe by the loss of vegetation stabilizing the bank due to the Beachie Creek Fires. A large movement of material will eventually cause the park to close and potentially force residents and emergency personnel to make a detour to reach further up North Fork Road. This would create safety concerns during a future fire event.

The purpose of this project is to reduce the risk of wildfires in the Estacada Rural Fire District by implementing targeted fuel reduction and mitigation activities around residential structures, critical infrastructure, and evacuation routes. The project will involve creating defensible spaces, enhancing evacuation routes, and addressing hazardous fuel loads to prevent the spread of wildfires. This ensures that both the immediate and long-term wildfire mitigation needs of the community are met.

Activity Description:

The Mitigating Loss project will enhance Canby’s disaster preparedness by providing backup power and emergency supplies to key community facilities. These facilities will continue critical services during power outages and respond effectively to increased demand during disasters. As trusted resources for Canby’s residents, these organizations are uniquely positioned to serve as community resource hubs during emergencies, ensuring the safety and well-being of vulnerable populations, including low-income families, seniors, and individuals with disabilities. With the added resilience of backup power, they will meet the surge in demand from residents seeking shelter, food, and emergency assistance.

Due to rising housing rental and homeownership costs, a lack of available housing, and the relative disaster impacts to renters and damages to single-family housing, the State will help replace destroyed housing stock with affordable housing opportunities for disaster-impacted households.
Oregon needs to spend $55,081,000 (or 15 percent of the allocation for unmet needs for mitigation activities) on documented mitigation activities. OHCS has identified 8 projects for the mitigation set-aside (total is $9,634,408.25). The balance of the mitigation set-aside will be covered by this activity.
Once the Jackson County project is further developed, this DRGR Activity will be broken out later into two (or more) activities: $16,144,684.25 for the non-mitigation activity and $45,446,591.75 for the mitigation activity.

Activity Description:

As per "Notice CPD-23-06 on Allocating Costs Between Program Administration, Activity Delivery, and Planning for CDBG-DR, CDBG-MIT, and CDBG-NDR Grantees", OHCS cannot create stand-alone DRGR Activities for ADCs. Until projects are defined and a cost allocation is developed, this activity will be a TEMPORARY activity that is used to hold all of OHCS's activity delivery costs.
When ready, OHCS will use the revise voucher function to document where funds from these draws are being transferred. Draw revisions will be made to multiple activities at once nad OHCS will ensure supporting documents show enough information for the basis of these revisions.

Location Description:

Activity Progress Narrative:

OHCS and partners met on a weekly or bi-weekly basis for technical assistance needs, and to ensure program plans were on track for key milestones in the next quarter.
