Overall Progress Narrative:

In Q2 2026, staff continued to implement all seven ReOregon programs. The Down Payment Assistance (DPA) program continues to have significant interest in home purchase support. All projects under the PIER program are underway, with a number of them receiving environmental clearance in this quarter. OHCS convened partners from each of the impacted counties on an advisory committee to discuss potential funding reallocation options as the HARP program winds down. Technical assistance resources continue to be available for all partners carrying out program/project implementation.

Major milestones in Q2 include:

- Two additional home purchases took place under the DPA program, bringing the total to five. Nine other applicants are under contract.

- All six subrecipients under the AHD program have projects underway.
- Program plans for HARP participants are moving through Oregon's Building Code Division Master Plan Program review.

The plans will be available for current and future disasters where home reconstruction is needed. These plans will speed up recovery time by months to years and reduce costs in the future.

Operations and Compliance

In Q2 2026 the Compliance team provided technical assistance to multiple subrecipients which clarified grant requirements, policy guidance, procurement processes, including coordinating with OHCS Compliance for fiscal monitoring of subrecipients. Compliance staff continues to adjust DRGR activities to accurately reflect program work and beneficiaries.

The first HARP household beneficiary cases went through ReOregon's closeout process.

Narrative:

Housing Stabilization Services (HSS) consists of three interconnected programs: Intermediate Housing Assistance (IHA), Down Payment Assistance (DPA), and Housing Counseling Services (HCS).

During Q2 2026, our IHA partners continued delivering rent, utility, and housing stabilization support to participants experiencing housing instability. As we saw a continuous downward trend of applicants for the program through Q1, as well as current participants moving off the program it was decided to provide a cut off so financial projections could be established. June 30th was application deadline for IHA. With the announcement of the deadline, we did see a spike in applicants due to the rigorous outreach our partners conducted.

DPA and HCS continued to increase rapidly across all 8 counties. To date, DPA has 5 participants who have closed on their new homes, 9 are currently under contract, 16 are preapproved and out shopping and a total of 102 open cases in various milestones of the program. One County has fully expended its funds and has developed a waiting list. HCS is actively serving over 100 participants with 9 of them reaching their housing stability goal laid out in their action plan.

To keep up with this exciting growth, our local partners are working extra hard to process applications quickly while still giving every single person the warm, compassionate support they deserve.

Narrative:

The Governor's Office and OHCS continue to collaborate with local partners to incorporate resilience needs identified through local resilience forums. We also meet weekly with university partners to develop the overall statewide resilience

strategy. Additionally, we continue to work with nine Tribal Youth Councils on a resilience pilot program. Our target is to have the plan developed by September 7th, 2026.

Narrative:

The HARP program continued strong performance in Q2:

- HARP Manufactured Home replacement: 8 to notice to proceed with construction, 5 to contractor selection (bid complete), and 6 to scope of work delivered.
- HARP home reconstruction: 3 to notice to proceed with construction and 1to scope of work delivered.
- HARP Home Purchase: 5 recipients closed on homes.
- HARP Rehabilitation: 12 rehab projects reached completed construction and final draws, 8 received a notice to proceed with construction.
- HARP Reimbursement: 47 applicants processed, either signing a homeowner grant agreement or receiving a $0 reimbursement determination. 42 applicants received a check in Q2.
- OHCS and ICF continued to do local HARP construction presentations and Q&A sessions for homeowners and contractors.
- Intake and Outreach partners worked to get applicants to complete application submissions and subsequent documentation requests so OHCS could begin processing all potentially eligible applications.
- OHCS completed the build out of the applicant case closeout process and closed 45 cases in Q2.

51 applicants received a preliminary award across all pathways in Q2. 13 applicants in the three construction pathways received a scope of work. At the end of Q2, 243 HARP household applicants (60%) were fully recovered (home purchase closed, construction complete, or reimbursement check paid).

Narrative:

In Q2, OHCS & DRR and ARH program teams continued the handover of AHD projects in Douglas and Jackson County. During Q2, three additional AHD projects were approved with only one project pending approval in Lane County of the total 10 projects anticipated under AHD. OHCS and partners met on a bi-weekly or monthly basis for technical assistance needs, and to ensure program plans were on track for key milestones in the next quarter. AHD partners in Lincoln and Lane Counties worked throughout the quarter on their Project Approval Forms (PAFs), which were submitted to OHCS for review and feedback.
OHCS finalized and approved PAFs from:
Lane: Accessory Dwelling Unit project
Lincoln: Nye Street and Marine Avenue projects
OHCS DRR handed over management of AHD projects in Jackson and Douglas Counties during Q1 and continued to provide technical support for:
Adapt: Recovery Housing, Green Family Housing
Jackson: Bennu Heights
OHCS is continuing to support the finalization, and approval of:
Lane: Cottage Clusters

Narrative:

Housing and Recovery Services (HRS) supports disaster-impacted households through housing navigation and disaster case management services designed to connect survivors with stable housing solutions and recovery resources. Disaster Case Management services, funded via the Oregon Department of Human Services, continued to support disaster-impacted households by connecting survivors to recovery resources across multiple systems. In addition to state-supported case management, OHCS continues to advance broader HRS policy by offering housing navigation funding to counties and other eligible quasi-governmental organizations. During Q1 2026, OHCS focused on supporting active implementation, advancing program launch efforts, and engaging new jurisdictions to assess program fit.

Lincoln County continued active implementation of HRS programming during the quarter. Housing Navigation services remain active, with continued engagement between county staff and disaster-impacted households. OHCS maintained regular coordination with the county to support program alignment, referral coordination, and ongoing reporting.

Marion County continued progress toward full program implementation during Q2. OHCS provided ongoing technical assistance related to eligible activities, reporting, invoicing, and program administration as county staff continued delivering housing navigation services. Near the close of the reporting period, Marion County notified OHCS of its intent to discontinue participation in the HRS program. OHCS is coordinating with the county regarding next steps in accordance with grant requirements.

Jackson County launched HRS programming during the quarter following execution of the grant agreement. OHCS completed program kickoff activities, provided technical assistance and training, and began regular implementation meetings with county staff and their subcontractor to support successful program delivery and reporting.

OHCS continued working with Lane County to support development of an HRS program. During the quarter, the county advanced planning activities and continued coordination with OHCS regarding potential implementation of housing navigation services. Development of the grant agreement and program framework remained underway.

OHCS will continue supporting implementation of active HRS programs while partnering with additional jurisdictions interested in developing housing navigation services. Efforts will remain focused on promoting housing stability, coordination across recovery resources, and expanding equitable access to services for disaster-impacted households.

Narrative:

- PIER continued to provide weekly, bi-weekly, or monthly check-ins with subrecipients and project leads, onboarding, program/project

implementations, procurement guidance, system of record maintenance, technical assistance, draw request reviews, disbursement approvals, and project advancement support to seventeen subrecipients.

- One amendment was executed during Q2 to add additional funding and scope of work for a public service project that provides fire mitigation to Lane County.
- Environmental review for 22 infrastructure projects progressed during Q2, with environmental clearance and notices to proceed issued for two infrastructure projects. PIER projects currently meeting anticipated project milestones per subrecipient agreements.
- One subrecipient in Lincoln County completed construction procurement; construction will break ground during Q3.
- Additional applications were accepted and funding disbursed for revolving loan funds and micro-grants for economic revitalization subrecipients in Jackson (IVCDO) and Lane Counties.
- Quarter 2 PIER Newsletter was distributed via DRR's listserv on June 29, 2026. The PIER Project Information Board was published in Q2, with future graphics and project information to be added during Q3.

Activity Description:

Costs for delivering housing and financial counseling and housing navigation services to impacted residents to help in their transition to more permanent housing. Services also may be provided to small rental property owners who provide affordable housing to income-qualified tenants. Services may include homeowner education, renter counseling, homebuyer education, financial literacy, credit rehabilitation, debt management, budgeting, homelessness counseling, avoiding fraud and scams, applying for public and private resources, foreclosure prevention strategies, and relocation counseling, among other services tailored to fit the participants' needs.
This DRGR Activity will be temporarily used to hold OHCS activity delivery costs until OHCS determines how the remaining HRS program funds will meet a national objective. At that time, any incurred funds will be reallocated to appropriately to the HRS program.

Activity Description:

The Jackson County Community Long-Term Recovery Group (JCC LTRG) was organized in the wake of the Almeda and South Obenchain fires. The goal of the JCCLTRG is to secure and unite recovery resources with the community need in order to ensure that even the most vulnerable Survivors in the community recover from the disaster.
This activity is for HARP outreach efforts to inform survivors about upcoming processes, help them prepare for the application process, etc. Primarily for LMI applicants
When OHCS determines the proposed accomplishments for this subrecipient, performance measures will be updated. Currently, OHCS has entered zero for for several anticipated measures. OHCS should be able to make updates once the HARP program is lauched and there is more information from the intake process.

Activity Description:

The Jackson County Community Long-Term Recovery Group (JCC LTRG) was organized in the wake of the Almeda and South Obenchain fires. The goal of the JCCLTRG is to secure and unite recovery resources with the community need in order to ensure that even the most vulnerable Survivors in the community recover from the disaster.
This activity is for HARP outreach efforts to inform survivors about upcoming processes, help them prepare for the application process, etc. Primarily for UN applicants
When OHCS determines the proposed accomplishments for this subrecipient, performance measures will be updated. Currently, OHCS has entered zero for for several anticipated measures. OHCS should be able to make updates once the HARP program is lauched and there is more information from the intake process.

The purpose of this project is to rebuild and expand recreational opportunities lost within Marion County Parks that were damaged or completely destroyed as a result of the Beachie Creek Fire in 2020. Communities that would benefit from this project are the towns that relied on the tourism income from the recreational opportunities that were lost due to the 2020 fires. The project will support the restoration of day-use areas, camping infrastructure, and amenities at Bear Creek Park and Campground.

Activity Description:

In 2020, the North Santiam Canyon was devastated by the Beachie Creek and Lionshead fires. The fires destroyed hundreds of homes and businesses, causing catastrophic economic damage to the Canyon communities, especially the City of Gates. This project will create much-needed new sewer connections to a modern, state-of-the-art wastewater treatment plant, safeguarding the water quality of the North Santiam River for those who rely on it for recreation, business, and residential use.

Activity Description:

A landslide at the entrance to North Fork Park (24450 North Fork Rd SE, Mehama, OR 97384) is showing slow continuous movement, made more severe by the loss of vegetation stabilizing the bank due to the Beachie Creek Fires. A large movement of material will eventually cause the park to close and potentially force residents and emergency personnel to make a detour to reach further up North Fork Road. This would create safety concerns during a future fire event.

Activity Description:

As per "Notice CPD-23-06 on Allocating Costs Between Program Administration, Activity Delivery, and Planning for CDBG-DR, CDBG-MIT, and CDBG-NDR Grantees", OHCS cannot create stand-alone DRGR Activities for ADCs. Until projects are defined and a cost allocation is developed, this activity will be a TEMPORARY activity that is used to hold all of OHCS's activity delivery costs.
When ready, OHCS will use the revise voucher function to document where funds from these draws are being transferred. Draw revisions will be made to multiple activities at once nad OHCS will ensure supporting documents show enough information for the basis of these revisions.

Activity Description:

The purpose of this project is to reduce the risk of wildfires in the Estacada Rural Fire District by implementing targeted fuel reduction and mitigation activities around residential structures, critical infrastructure, and evacuation routes. The project will involve creating defensible spaces, enhancing evacuation routes, and addressing hazardous fuel loads to prevent the spread of wildfires. This ensures that both the immediate and long-term wildfire mitigation needs of the community are met.

Activity Description:

The Mitigating Loss project will enhance Canby’s disaster preparedness by providing backup power and emergency supplies to key community facilities. These facilities will continue critical services during power outages and respond effectively to increased demand during disasters. As trusted resources for Canby’s residents, these organizations are uniquely positioned to serve as community resource hubs during emergencies, ensuring the safety and well-being of vulnerable populations, including low-income families, seniors, and individuals with disabilities. With the added resilience of backup power, they will meet the surge in demand from residents seeking shelter, food, and emergency assistance.

Project consists of the acquisition of a manufactured home in place on a single-family lot in Otis and updating of home to meet HUD standards. Home is being acquired for Mindy Gannon and Robert D Garboden, wildfire survivors who were renters at the time of the Otis fire and who lost her residence as a result. The home will provide a permanent primary residence for a woman and her partner and three dependent grandchildren. That home will provide a stable environment for the three children which will greatly benefit the Otis community in the long run by assisting them to become a positive fabric of the neighborhood.

Activity Description:

The Marine Village project will develop 19 new one-bedroom affordable rental homes on a vacant 3.39-acre parcel located on SE Marine Avenue in Lincoln City. The homes will be installed on permanent foundations and operated by the Housing Authority of Lincoln County (HALC) as long-term affordable housing. The homes will be individual single family homes from a manufactured housing factory laid out in a cottage cluster.

The project directly responds to the severe shortage of small affordable units in Lincoln County, particularly for single-person households, seniors, and workers in the coastal service economy. By providing high-quality, energy-efficient homes restricted to households earning at or below 80% of Area Median Income, the project will expand the county's permanent affordable housing supply while supporting economic stability for residents who currently face limited housing options.

Until projects are defined and a cost allocation is developed, this activity will be a TEMPORARY activity that is used to hold all of OHCS's activity delivery costs.
When ready, OHCS will use the revise voucher function to document where funds from these draws are being transferred. Draw revisions will be made to multiple activities at once nad OHCS will ensure supporting documents show enough information for the basis of these revisions.
