Households may rent or own their property; however, rental/utility agreements and landlord cooperation may affect the kind or level of benefits provided.

<p>Program Funding</p>	<p>The United States Department of Health and Human Services (HHS) funds LIHEAP through Congress. Each year, Oregon Housing and Community Services submits a State Plan to HHS that outlines how funding will be distributed to Oregonians.</p>
<p>Program Delivery</p>	<p>All components of Oregon’s LIHEAP program are administered through local Community Action Agencies in geographically accessible locations across the state. Individuals who are “homebound” (physically infirm) can request alternative application methods; including but not limited to phone, mail, and/or home visits.</p> <p>OHCS encourages each LIHEAP service provider to design programs that best meet local community needs. Therefore, program policies and producers may vary slightly between counties.</p>
