

# **Oregon Liquor & Cannabis Commission Rules Advisory Committee Meeting**

## **2025 Cannabis Bill & Technical Rules Advisory Committee**

### **Agenda**

The Oregon Legislature passed several bills during the 2025 Oregon legislative session which require agency rulemaking to implement. Further, the agency must also undertake rulemaking to respond to changes within the industry and consider whether technical adjustments are necessary.

In order to address the 2025 legislation and respond to issues within the regulated marketplace, staff plans to hold several focused advisory committee meetings with industry, public health, and other agency partners to develop rules.

**Tuesday September 16, 2025  
12:00 pm – 3:00 pm
