

LIQUOR STORE STATISTICS

NUMBER OF STORES

Oregon has two types of stores to serve the public. Exclusive stores are generally located in metropolitan areas and are high volume businesses whose primary function is to sell liquor. Exclusive stores can sell authorized related items such as glassware, mixers and items used in preparing a drink.

Non-exclusive stores are operated in conjunction with other businesses like hardware, drug or grocery stores. These stores usually serve smaller communities and unique settings.

Current number of liquor stores:

Exclusive:	153
Non-Exclusive:	93
Total	246

As of 04/2011
