Any distributor, manufacturer, or importer that sells beverages in beverage containers to a retailer in Oregon must annually provide the OLCC with a report that lists their beverage container return data for the previous calendar year. Return data includes the number of beverages that carried an Oregon refund value that a business sold to a retailer in Oregon in 2018 and the number of empty beverage container returns the business collected and refunded during 2018.

OLCC is requesting your return data for calendar year 2018. Unless you are a member of the Oregon Beverage Recycling Cooperative (OBRC), you must complete the attached form. OBRC will submit the report on behalf of any business that is currently a member of OBRC or that joins OBRC on or before April 1, 2019.

You must return the attached form to the OLCC as soon as possible but no later than May 1, 2019. Any business that fails to submit the form on or before July 1, 2019 will be in violation. OLCC may impose penalties up to $500 a day for each day after July 1 that the report is not received by OLCC.

Submit your report by email to OLCC.BottleBill@oregon.gov, by fax to 503-872-5110, or by US mail addressed as follows:
