The OLCC commissioners voted to adopt the following new rules:

**Approved Seller Training Programs** (OAR 845-009-0150) – This new rule provides information on Commission-approved training programs that can be used by alcohol sellers to receive a reduced criminal penalty when they sell to a minor. The 2009 legislature passed House Bill (HB) 3343, effective January 1, 2010, giving sellers this new option. HB 3343 creates a new provision for employees of a liquor licensee or retail sales agent who sell, serve, give or otherwise make alcohol available to a minor. These employees may receive a reduced criminal penalty (a violation for the first two convictions) if they either hold a valid service permit or have a completed a Commission-approved training session.

**Advertising** (OAR 845-013-0040) – This rule describes the types of advertising that manufacturers or wholesalers are allowed to provide to retailers under the limited exceptions in the financial assistance statutes. The revisions to the rule allow wineries, breweries, and other suppliers of wine and malt beverages to make available to their customers a listing of all the retailers who carry their products. By making these lists available, a consumer who is looking for a retail store where they can purchase a specific Oregon winery’s products, for example, would then be able to get that information directly from the winery.

**Certificate of Approval for Distilled Spirits** (OAR 845-006-0380) – The 2009 legislature passed Senate Bill (SB) 135 which created new statutory provisions and amended ORS 471.404 effective January 1, 2010. These changes created a new certificate of approval for distilled spirits (plus grain & ethyl alcohol) which authorizes their import into Oregon for sale in the state. The new rule clarifies that a certificate of approval will be automatically issued by the OLCC to all manufacturers, importers and vendors who import distilled spirits (or grain & ethyl alcohol) into Oregon with no application process or fee. The rule also establishes financial assistance violations as grounds for suspension or revocation of the certificate of approval.
The commissioners of the OLCC appointed the following liquor store agents:

**Medford, North, Store #1131; Robert Wallace**

**Redmond, North, Store #1246; Catherin Daw**

Retail liquor agents are independent contractors; they are not state employees. The Retail Services Division of the OLCC works closely with liquor agents to help them understand and follow liquor regulations and store operating procedures.

The commissioners appointed the following retail distillery agent:

**Stone Barn Brandyworks, Portland; Sebastian Degens**

Distillery retail agents have the ability to allow sales of their own distilled spirits products at the location of their distillery.

The five citizen commissioners are the policy-making body of the OLCC. They meet monthly for one or two days to make decisions on liquor licenses, rules, contested case hearings and appointments of liquor store agents. Commission meetings are held every other month at OLCC’s main office, 9079 SE McLoughlin Blvd., Room 103A in Portland. Subsequent months, the meetings are held via phone.
