

# GLASER DISTILLERY

Glaser Distillery is located on the north bank of the pristine North Umpqua River. The distillery, tasting room, winery, and vineyard overlook the picturesque river, just on the outskirts of Roseburg, Oregon.

Glaser products are designed and produced by Sandy and Leon Glaser, who have developed the perfect balance of flavors.

The advantage of artisan distilling is small batches of just the smoothest part of the spirit can be captured and blended with custom ingredients for the ultimate flavor.

Handcrafted, small batch, award winning.  
Come experience where it all happens on the scenic North Umpqua River.
