AGENDA

Recreational Marijuana Rules Technical Committee
Producers: Growers

Monday, June 15, 2015
9:00 a.m. - Noon
Meeting 2

Start-Up Inventory, Viability Review/Discussion

Production Limits and Tracking
- Use of “seed to sale” to describe tracking of cannabis products (OLCC staff will provide comments on this issue)
- Plant count vs. canopy size as a measure for production limits
- Development of a method to establish production limits for indoor vs. outdoor
- Production limits now and in the future
- Inventory leveling and controls
- Stage(s) of cannabis growth and production for tracking/reporting purposes
- The technology of tracking
- Tracking compliance issues in rural areas vs. urban areas (access to technology issues)

Homework: Testing and Pesticides

Adjourn
