A wholesaler may request the following additional privileges:

This allows the wholesaler to receive, purchase, sell, or transfer medical-grade cannabinoid products (products with higher concentrations of THC as described in OAR 333-007-0220) to and from other licensees that are registered to sell marijuana for medical purposes.

For-Hire Trimming: A wholesaler may request the privilege to provide trimming services at a licensed producer premises using mobile equipment that will be brought temporarily into the area of the producer premises, such as a vehicle trailer or other mobile unit or structure intended to temporarily hold harvested marijuana plant material while being trimmed by representatives of the wholesaler licensee.

Yes No

I am seeking to wholesale marijuana for medical purposes and will attach the [Wholesaler Medical Purposes Registration](#) form.

I am seeking the privilege to engage in for-hire trimming on producers' licensed premises. I will submit a [Wholesaler For-Hire Trimming Privilege](#) form.

Section 6 – Operating and Security Plan

An Operating Plan and Security Plan are required for all license types. If your business will operate under a formalized operating and/or security plan, you may submit that information as a supplemental document, but this section is required. This section will collect information about your general operations and physical premises.

The Commission has set minimum standards for the security of a licensed recreational marijuana premises. Licensees are responsible for the security of all marijuana items on the premises and those in transit on behalf of the licensee. Adherence to the minimum requirements does not release a licensee from this responsibility.

OAR 845-025-1405 allows any licensee or applicant to request a waiver of any of the security requirements described in OAR 845-025-1400 to 845-025-1470. A "No" answer to the security requirements as specifically identified in the relevant section below **must** be accompanied by a security waiver request documenting the specific rule to be waived and a proposed alternative to meeting that goal. Waiver requests are subject to approval by the Commission and may be denied. Broad requests to waive all of the security requests will be denied. You must propose an alternate method to meeting the goal of the requirement to be waived.

Your license type will allow you to transport marijuana, but may not allow you to transport all types of marijuana to all types of licensees. Even if you do not plan to exercise this privilege, you must acknowledge the following:

28. I acknowledge the following statements below:

Section 7 – Minor Control Plan

A minor control plan is required for all operations. You may either choose to follow the standard control plan below, or you may write your own plan that briefly describes your methods of preventing minors from gaining access to any portion of the licensed premises. This may include methods such as requiring identification prior to entry, maintaining a locked perimeter at all times, even during business hours, utilizing dedicated security personnel, screening employees and contractors, or other methods as appropriate for your license type.

Standard wholesaler minor control plan:

All doors and gates will be locked at all times. Prior to allowing any person access to the property, age will be verified by checking ID. Employee IDs will be checked prior to hiring and no person will be employed who does not have a valid marijuana worker permit. Signs will be clearly posted at all entry points indicating that minors are not permitted on any portion of the premises. If a minor attempts to gain access to the premises, they will be immediately told to leave and if they do not, law enforcement will be contacted.

Select one of the following:

- I will follow the standard wholesaler minor control plan above.
- I have written a minor control plan and included it as an attachment to this form.
