Section 4 – Attestations

By signing this form, you attest that each of the following statements are true. I understand the Commission may require a licensee to provide proof of any of the below or below referenced documents at any time.

Section 4.1 – Right to Occupy the Premises

I have a legal right to occupy the premises. I understand that at all times I must retain control of, or the right of access to, all or any part of the licensed premises. Except as provided in OAR [845-025-1160](#)(6), failure to retain such control or right of access is a Category I violation and may be grounds for immediate suspension or cancellation of the license.

If there is no direct access to the property where the premises is located from a public right-of-way, this means that I must have an easement to allow licensee representatives and Commission staff to access the property. I understand that without such an easement, the property owner who is entitled to control access to the premises has an ownership interest as described in OAR [845-025-1045](#) and must be an applicant for the license.

Section 4.2 – Cannabis Tracking System (CTS)

As required by OAR [845-025-7500](#), prior to licensure, at least one licensee or licensee representative has completed or will complete required CTS training through <https://www.metro.com/oregon> using their true, legal name. Once licensed and for as long as the license remains active, at least one licensee will keep an active CTS administrator account in their name for the premises. If the licensee designates a licensee representative to complete training on their behalf, that representative must also keep an active CTS administrator account in their name for the premises.

Section 4.3 – Premises Map

By signing this form, I attest that I have provided OLCC with maps or sketches of the premises that clearly show:

- The location of my proposed premises on the property;

- The boundaries of my limited access area(s);
- For each indoor area, a scaled floor plan that identifies all walls and all areas of ingress and egress; and
- The location of any primary residences on the tax lot, if applicable.

I understand that, if the Commission approves my license, the Commission's approval relies in part upon the completeness and accuracy of the information that I provide. If I have not completely and accurately identified my licensed premises, or if my premises is not located at the address identified in Section 1 of this form and on my signed Land Use Compatibility Statement that may constitute grounds to revoke my license.

I understand that I will only be entitled to exercise my license privileges within the boundaries of my licensed premises. I attest that my proposed premises does not include a primary residence.

Section 5 – Operating and Security Plan

An Operating Plan and Security Plan are required for all license types. The Commission has set minimum standards for the security of a licensed recreational marijuana premises. Licensees are responsible for the security of all marijuana items on the premises and those in transit on behalf of the licensee. Adherence to the minimum requirements does not release a licensee from this responsibility.

OAR [845-025-1405](#) allows any licensee or applicant to request a waiver of any of the security requirements described in OAR 845-025-1400 to 845-025-1470. A request for a security waiver must document the specific rule to be waived and document a proposed alternative method to meet the objective of the rule. Waiver requests are subject to approval by the Commission and may be denied. Broad requests to waive all of the security requests will be denied.

By signing this form, you agree to comply with all security and operational requirements specified in rule for which you do not have a waiver specifically approved by the Commission. Marijuana items will only enter the unenclosed pathway while being actively moved between the portions of the premises that are enclosed by permanent walls and doors.
