

OREGON LIQUOR CONTROL COMMISSION

Supplemental Form:

Retailer Home Delivery Registration

What is this form?

A recreational marijuana retailer may register with the OLCC to deliver marijuana items to a customer at that customer's place of residence. Deliveries may only be performed within the same local jurisdiction as the retailer's licensed premises, except that a retailer with this registration may deliver marijuana items to a patient or a patient's designated primary caregiver at an individual's residence.

Registered Retailers:

May deliver marijuana items to a residence between the hours of 8:00 AM and 9:00 PM.

May deliver marijuana items only to a location that is a residence, such as a house or apartment.

May deliver marijuana items only pursuant to a bona fide order.

May not deliver to a dormitory, hotel, motel, bed and breakfast or any other commercial business.

May not deliver marijuana items to a consumer at any location outside the jurisdiction in which they are licensed. A retailer is responsible for being familiar with the boundaries of the jurisdiction in which they may deliver marijuana items. Notwithstanding this prohibition, a retailer with this registration may deliver marijuana items to a patient or a patient's designated primary caregiver at an individual's residence at any location in Oregon.

May not have more than \$3000 worth of marijuana items out for delivery at any one time.

Must record a home delivery sales manifest prior to exiting the licensed premises.

Must carry a physical copy of the delivery manifest and the bona fide order for delivery with every in-transit delivery

Must use a motor vehicle, insured at or above the legal requirements in Oregon, capable of locking all doors and equipped with an alarm system. All marijuana items must be kept in a lock-box securely affixed inside the delivery vehicle.

I WISH TO REGISTER TO DELIVER MARIJUANA ITEMS. I have read and understand OAR 845-025-2880, including the requirements summarized above. Additionally, I understand that OAR 845-025-2880(2)(e) provides that the Commission may withdraw approval for delivery service if the Commission finds that the retailer is not complying with OAR 845-025-2800, the personal safety of delivery personnel is at risk, the retailer's delivery service has been the target of theft, or the delivery service is creating a public safety risk.
