

OREGON LIQUOR CONTROL COMMISSION

Supplemental Form:

Producer Property Owner Informed Consent

What is this form?

In 2019, the Oregon legislature passed [House Bill 3200](#). Effective January 1, 2020, this bill requires that applicants for a Producer license provide signed informed consent from the property owner giving permission to produce marijuana at the premises, unless the applicant is the owner of the property. This form provides a template for that signed informed consent.

This form is not needed if the applicant leases the property directly from the property owner and the lease contains explicit permission to produce marijuana at the premises.

Who fills out this form?

Section 1 of the form may be filled out by either the applicant or the owner of the real property that comprises the premises. The informed consent must be signed by the property owner. If the property is owned by a legal entity such as an LLC or corporation, the form must be signed by someone who has authority to sign on behalf of that legal entity.

What if I own the property?

If the property is owned solely by a person or entity who is an applicant for the license, this form is not needed. If the property is owned either wholly or in part by any person or entity that is **not** an applicant for the license, the Commission requires signed informed consent from each owner of record.
