

OREGON LIQUOR CONTROL COMMISSION

Control Study Certification Form

OAR 333-007-0440

INSTRUCTIONS for completing this form:

- For RECREATIONAL marijuana processors, micro-tier producers and hemp handlers, complete a copy of this form for each product subjected to a control study. Wholesalers may use certified control studies when testing on behalf of other licensees.
- The form should be submitted to marijuana@oregon.gov. Associated test results or other documentation may be requested by the Commission to verify the responses contained in this form. Do not provide a copy of test results unless requested.
- COMPLETE EVERY SECTION OF THIS FORM LEGIBLY. Incomplete or illegible forms will be returned to the licensee and will not be reviewed by OLCC until deficiencies are corrected.
- Use page 2 for product variations, if more space is needed insert multiple pages.
- No blanks should be left in the form. The Laboratory Representative completing this form should write "NOT APPLICABLE" or "NA" in any section they believe is not applicable to the testing of the particular product. If blank spaces are left in the form, or the Commission determines that a "Not Applicable" or "NA" response is not appropriate for a particular section, the form will be returned to the licensee and will not be reviewed by OLCC until the deficiencies are corrected.

*A processor or processing site must undergo a control study for a product again or must have batches sampled and tested as if the product had not undergone a control study if:

(a) There are any changes to the standard operating procedures for that product.

(b) There are any changes in the type of ingredient in the product, except for a difference in the strain of usable marijuana, or the purity of an ingredient.
