

OREGON LIQUOR CONTROL COMMISSION

Tax Information - OregonSaves

OregonSaves is an easy way to help your employees save for retirement. A program of the Oregon State Treasury, OregonSaves helps workers in Oregon take responsibility for their own financial future by saving now, through payroll deduction, into their own OregonSaves individual retirement account (IRA) that stays with them throughout their career.

All businesses in Oregon that do not offer an employer-sponsored retirement plan will be required to register for OregonSaves.

In order for the OregonSaves program to serve marijuana businesses in Oregon, the OLCC and Oregon State Treasury need to collect your Federal Employer Identification Number (FEIN) and your Business Identification Number (BIN). Once your business provides this information, OregonSaves staff will contact you directly to discuss the registration process. OregonSaves is rolling out in phases based on the number of employees in a business. Please visit the [OregonSaves](#) website for more information on the registration requirements and timeline.

Please fill out the information below as it relates to your licensed marijuana business. Send completed forms to Amanda.borup@oregon.gov.
