

MARIJUANA CAN MAKE KIDS VERY SICK.

You can keep the children in your life safe and healthy by storing all marijuana products in a locked area that children cannot see or reach.

Children want to be like their parents and the other adults in their lives. When you use marijuana in front of them, they may want to use it, too.

You can keep them safe and healthy by not using marijuana when kids are around.

IT MAY HARM YOUR BABY
if you use marijuana in any form and at any time during
your pregnancy or while you are breastfeeding.

**If your child eats or drinks marijuana products, call the
Poison Center Hotline as soon as possible: 1-800-222-1222.**

*Symptoms can include your child having trouble walking or sitting
up, starting to be sleepy or having a hard time breathing.*
