

Oregon Liquor & Cannabis Commission

Rules Advisory Committee Meeting

Agenda

Artificially Derived Cannabinoids (CBN)

In November 2024, the Commission adopted temporary rules to extend the deadline for artificially derived CBN to meet the same requirements as other artificially derived cannabinoids under OAR 845-025-1310, 845-026-0400, and 845-026-0410. This rules advisory committee will discuss adopting that extension through permanent rulemaking.

March 19, 2025
