The information contained in this report summarizes new, interim, and final actions taken by the Oregon Medical Board between February 16, 2019, and March 15, 2019.

Scanned copies of Interim Stipulated Orders, Orders of Emergency Suspension, Stipulated Orders, Final Orders, Termination Orders, Modification Orders and Voluntary Limitations are included at the end of this report in the order that they appear in the report. These orders are marked with an * asterisk. **Scanned copies of Consent Agreements are not posted, as they are not disciplinary action and impose no practice limitations.** Complaint and Notices of Proposed Disciplinary Action are not listed in this report, as they are not final actions by the Board. Both Orders, however, are public and are available upon request.

Printed copies of the Board Orders not provided with this report are available to the public. To obtain a printed copy of a Board Order not provided in this report, please complete the License Verification and Malpractice Report Request (http://www.oregon.gov/OMB/ombforms1/request-licensee-info-verification.pdf) found under the Forms link on the Board's web site. In the Matter of
JOHN VOLNEY ALLCOTT, III, MD LICENSE NO. MD11435

INTERIM STIPULATED ORDER

1.

The Oregon Medical Board (Board) is the state agency responsible for licensing, regulating and disciplining certain health care providers, including physicians, in the state of Oregon. John Volney Allcott, III, MD (Licensee) is a licensed physician in the State of Oregon and holds an active medical license.

2.

The Board received credible information regarding Licensee that resulted in the Board initiating an investigation. The results of the Board's investigation to date have raised concerns to the extent that the Board believes it necessary that Licensee agree to certain terms until the investigation is completed.

3.

In order to address the Board's concerns, Licensee and the Board agree to the entry of this Interim Stipulated Order, which is not an admission of any wrongdoing on the part of the Licensee. This Order will remain in effect while this matter remains under investigation, and provides that Licensee shall comply with the following conditions:

3.1 Licensee must not begin treatment for chronic pain with opioids for any new or existing patient. For the purposes of this Order, chronic pain is defined as pain that persists or progresses over a period of time greater than 30 days.

3.2 Licensee must not begin treatment for substance use disorder with any scheduled medications for any new patient.
3.3 Licensee may transition current chronic pain patients to buprenorphine or buprenorphine/naloxone, or continue to prescribe buprenorphine or buprenorphine/naloxone to any current patient taking the medication.

3.4 Licensee must immediately begin to taper opioid medications for any chronic pain patient with a morphine equivalent dose (MED) over 90 by at least 10% per month until patient’s MED is 90 or less unless the patient is currently enrolled in hospice or is currently receiving end of life care. If this exception applies, Licensee must certify on the written prescription that the patient is a hospice patient or receiving end of life care. Licensee may elect to transfer the care of any patient with an MED over 90 to another physician.

3.5 For patients taking buprenorphine or buprenorphine/naloxone, Licensee may continue to prescribe above 90 MED.

3.6 Licensee may treat patients for acute pain for no more than 30 days per year, with a maximum MED of 50.

3.7 Licensee must not begin treatment with benzodiazepines for patients taking opioids.

3.8 For patients taking benzodiazepines and opioids (other than buprenorphine or buprenorphine/naloxone), Licensee must begin to taper benzodiazepines after opioids have been tapered to 90 MED or less. Benzodiazepines must be tapered by at least 10% per month until the patient is weaned off benzodiazepines. Alternatively, Licensee may transfer the care of any patient for whom he is prescribing benzodiazepines and opioids to another physician. Licensee may continue to prescribe concurrent benzodiazepines to patients who are currently enrolled in hospice or who are currently receiving end of life care. Licensee must certify on the written prescription that the patient is a hospice patient or receiving end of life care.

3.9 Licensee must not concomitantly prescribe opioids with benzodiazepines following tapering as outlined in terms 3.4 and 3.8.

3.10 Licensee must not concomitantly prescribe opioids with muscle relaxants.
3.11 Licensee must obtain an EKG on all patients taking methadone at least once annually.

3.12 Licensee understands that violating any term of this Order will be grounds for disciplinary action under ORS 677.190(17).

3.13 Licensee understands this Order becomes effective the date he signs it.

4.

At the conclusion of the Board’s investigation, the Board will decide whether to close the case or to proceed to some form of disciplinary action. If the Board determines, following that review, not to lift the requirements of this Order, Licensee may request a hearing to contest that decision.

5.

This order is issued by the Board pursuant to ORS 677.410, which grants the Board the authority to attach conditions to Licensee’s license to practice medicine. These conditions will remain in effect while the Board conducts a complete investigation in order to fully inform itself with respect to the conduct of Licensee. Pursuant to ORS 677.425, Board investigative materials are confidential and shall not be subject to public disclosure, nor shall they be admissible as evidence in any judicial proceeding. However, as a stipulation this Order is a public document and is reportable to the National Databank and the Federation of State Medical Boards.

IT IS SO STIPULATED THIS 4th day of March, 2019.

ORDER TERMINATING ORDER OF LICENSE SUSPENSION

1.

On October 2, 2017, the Oregon Medical Board (Board) issued an Order of License Suspension regarding Ryan James Girard, LAc (Licensee). This Order was issued pursuant to ORS 25.750, and Licensee's failure to pay child support. On February 15, 2019, the Board received notification from the Multnomah County District Attorney's office informing the Board that Licensee is now in compliance with his child support payments and that his license should be reinstated.

2.

The Board does hereby terminate the October 2, 2017, Order of License Suspension, effective the date this Order is signed by the Board Chair and orders that Licensee's license be placed at lapsed status.

IT IS SO ORDERED this 19 day of February, 2019.
