Contrary to the terms of the agreement, Licensee failed to call the interactive voice response (IVR) number as required by the terms of the HPSP Monitoring Agreement on May 24, 2019. On May 25, 2019, Licensee presented for toxicology testing and produced a urine sample that was determined to be a dilute specimen. On June 27, 2019, Licensee failed to follow instructions to provide a urine sample, and instead tested for a PEth¹ blood test, which was negative. On

¹ Phosphatidylethanol.

1 July 8, 2019, Licensee presented for an observed urine test. In an attempt to deceive staff at the
2 collection site, Licensee was observed to be using a prosthetic device with a phallus and an
3 artificial external bladder containing “clean” urine with temperature control hidden inside his
4 pant leg. Later that day, Licensee presented for an observed urine test at a second collection site
5 and this sample tested positive for MDMA (ethylenedioxy-methamphetamine (Ecstasy),
6 Schedule I). On July 9, 2019, Licensee produced a urine sample which tested positive for
7 MDMA and reported to his HPSP agreement monitor that his attempt to use a prosthetic urine
8 delivery device was due to his recent use of MDMA. Each of these events represent an instance
9 of substantial non-compliance with the terms of Licensee’s HPSP Monitoring Agreement, and
10 constitute violations of ORS 677.190(1)(a) unprofessional or dishonorable conduct, as defined in
11 ORS 677.188(4)(a) any conduct or practice contrary to recognized standards of ethics of the
12 medical profession, or any conduct which does or might constitute a danger to the health or
13 safety of a patient or the public, or any conduct, practice or condition which does or might
14 adversely affect a physician’s ability to safely and skillfully to practice medicine; and ORS
15 677.190(17) willful violation of any Board rule, specifically OAR 847-065-0055.

16 2.3 Licensee submitted an application for licensure to the Board on May 8, 2012, in
17 which he disclosed a misdemeanor trespassing charge. Licensee failed to disclose this same
18 event on the application he submitted to the Board on June 16, 2013. The Board subsequently
19 learned that Licensee was arrested on two other occasions, which Licensee failed to report on his
20 applications in 2012 and 2013. Licensee’s failure to disclose all arrests on his applications for
21 licensure violates ORS 677.190(8) fraud or misrepresentation in applying for a license to practice
22 in this state; as well as ORS 677.190(1)(a) unprofessional or dishonorable conduct, as defined in
23 ORS 677.188(4)(a) any conduct or practice contrary to recognized standards of ethics of the
24 medical profession.

25 3.

26 Licensee and the Board desire to settle this matter by entry of this Stipulated Order.
27 Licensee understands that he has the right to a contested case hearing under the Administrative
28 Procedures Act (chapter 183), Oregon Revised Statutes. Licensee fully and finally waives the

1 right to a contested case hearing and any appeal therefrom by the signing of and entry of this
2 Order in the Board's records. Licensee admits that he engaged in the conduct described in
3 paragraph 2 above and that this conduct violated ORS 677.190(1)(a) as defined by ORS
4 677.188(4)(a); ORS 677.190(8); and ORS 677.190(17). Licensee understands that this Order is a
5 public record and is a disciplinary action that is reportable to the National Practitioner Data Bank
6 and the Federation of State Medical Boards.

7 4.

8 Licensee and the Board agree to resolve this matter by the entry of this Stipulated Order
9 subject to the following terms and conditions:

10 4.1 Licensee surrenders his license to practice medicine while under investigation.

11 4.2 Licensee stipulates and agrees that this Order becomes effective the date it is
12 signed by the Board Chair.

13 4.3 Licensee must obey all federal and Oregon state laws and regulations pertaining
14 to the practice of medicine

15 4.4 Licensee stipulates and agrees that any violation of the terms of this Order shall

OREGON MEDICAL BOARD
STATE OF OREGON

In the Matter of)
)
DAWNA-MARIE TOWNSEND-) INTERIM STIPULATED ORDER
FIXOTT, MD)
LICENSE NO. MD25339)

1.

The Oregon Medical Board (Board) is the state agency responsible for licensing, regulating and disciplining certain health care providers, including physicians, in the State of Oregon. Dawna-Marie Townsend-Fixott, MD (Licensee) is a licensed physician in the State of Oregon and holds an active medical license.

2.

The Board received credible information regarding Licensee that resulted in the Board initiating an investigation. The results of the Board's investigation to date have raised concerns to the extent that the Board believes it necessary that Licensee agree to certain terms until the investigation is completed.

3.

In order to address the Board's concerns, Licensee and the Board agree to the entry of this Interim Stipulated Order, which is not an admission of any wrongdoing on the part of the Licensee, and will remain in effect while this matter is under investigation, and provides that Licensee shall comply with the following conditions:

3.1 Licensee must not begin treatment for chronic pain with opioids for any new or current patient. For the purposes of this Order, chronic pain is defined as pain that persists or progresses over a period of time greater than 30 days.

3.2 Licensee must immediately begin to taper opioid medications for any chronic pain patient with a morphine equivalent dose (MED) over 90 by at least 5-10% per month until

1 patient's MED is 90 or less unless the patient is currently enrolled in hospice or is currently
2 receiving end of life care. If this exception applies, Licensee must certify on the written
3 prescription that the patient is a hospice patient or receiving end of life care. Licensee may elect
4 to transfer the care of any patient with an MED over 90 to another physician.

5 3.3 Any patient who cannot tolerate tapering must be transferred to another provider
6 within 60 days of the effective date of this Order.

7 3.4 Licensee may treat patients for acute pain for no more than 30 days per year, with
8 a maximum MED of 50.

9 3.5 Licensee must not begin treatment with benzodiazepines for patients taking
10 opioids.

11 3.6 For patients taking benzodiazepines and opioids, Licensee must begin to taper
12 benzodiazepines after opioids have been tapered to 90 MED or less. Benzodiazepines must be
13 tapered by at least 5-10% per month until the patient is weaned off benzodiazepines.

14 Alternatively, Licensee may transfer the care of any patient for whom she is prescribing
15 benzodiazepines and opioids to another physician. Licensee may continue to prescribe
16 concurrent benzodiazepines to patients who are currently enrolled in hospice or who are
17 currently receiving end of life care. Licensee must certify on the written prescription that the
18 patient is a hospice patient or receiving end of life care.

19 3.7 After tapering prescription medications as outlined in terms 3.2 and 3.6, Licensee
20 must not concomitantly prescribe opioids and benzodiazepines.

21 3.8 Licensee must not concomitantly prescribe opioids with muscle relaxants.

22 3.9 Licensee must obtain an EKG on all patients taking methadone at least once
23 annually.

24 3.10 Licensee understands that violating any term of this Order will be grounds for
24 disciplinary action under ORS 677.190(17).

25 3.11 Licensee understands this Order becomes effective the date she signs it.

At the conclusion of the Board's investigation, the Board will decide whether to close the case or to proceed to some form of disciplinary action. If the Board determines, following that review, not to lift the requirements of this Order, Licensee may request a hearing to contest that decision.

5.

This order is issued by the Board pursuant to ORS 677.410, which grants the Board the authority to attach conditions to the license of Licensee to practice medicine. These conditions will remain in effect while the Board conducts a complete investigation in order to fully inform itself with respect to the conduct of Licensee. Pursuant to ORS 677.425, Board investigative materials are confidential and shall not be subject to public disclosure, nor shall they be admissible as evidence in any judicial proceeding.
