Applicant Signature (*only required for mailed or faxed submissions*) Date

The mission of the Oregon Medical Board is to protect the health, safety, and well-being of Oregon citizens by regulating the practice of medicine in a manner that promotes access to quality care. Before being granted a license, an applicant must be familiar with the laws and rules governing the practice of medicine in Oregon as well as the Board's Statements of Philosophy regarding important issues in the practice of medicine. This open book exam serves as an introduction to the Oregon laws and guidelines. Familiarizing yourself with these regulations will help you avoid problems in your practice that must be addressed by the Board.

There is only ONE correct answer to each question. This is an open book examination and is meant to be educational. However, you will be required to repeat the exam if you miss four (4) or more questions. Three failures to pass the examination will require an interview with a Board member or Board staff.

1. Medical services provided by the physician assistant must be:

- a. Generally described in and in compliance with an established practice agreement
- b. Provided under the supervision of a supervising physician or supervising physician organization
- c. Within the scope of practice of the supervising physician or supervising physician organization
- d. Within the supervising physician's and the physician assistant's competence
- e. All of the above

2. A licensed health care professional is required by law to report information which appears to show that another licensee is or may be:

- a. Medically incompetent
- b. Guilty of unprofessional or dishonorable conduct
- c. Physically or mentally incapacitated
- d. All of the above

 - b. The HPSP will immediately make a report to the Board, whether or not there is potential for patient harm.
 - c. A confidential monitoring program will be offered.
 - d. The Board will view this as grounds for automatic discipline.
4. **To supervise a physician assistant, a physician must:**
- a. Be approved by the Board as a supervising physician
 - b. File a practice agreement with the Board within 10 days of beginning supervision
 - c. Ensure the physician assistant is competent to perform all delegated duties
 - d. All of the above
5. **An Oregon Medical Board licensee with active status must show maintenance of competency by:**
- a. Obtaining continuing education hours each licensing period
 - b. Maintaining certification with a specialty board
 - c. Either a or b
 - d. Both a and b
6. **The Board recommends or requires all of the following when treating chronic pain with opioids. Which of the following is required?**

 - b. Documentation of the patient's understanding of and consent to the treatment plan
 - c. A written provider-patient agreement
 - d. Contacting any other treating provider to ask about the patient's prescription history
7. **A license to practice medicine is a privilege granted by the State of Oregon. By state law, the Oregon Medical Board's documents are public records unless there is a specific exemption in the law. Three of the following all have an exemption (they are confidential) from public records law. Which one is a public record?**
- a. Mailing address and practice address
 - b. Complaints and information submitted for an investigation
 - c. Voluntary enrollment in the Health Professionals' Services Program (HPSP)
