## Practice in Oregon by Physicians and Physician Assistants in the Event of an Emergency

### Oregon Administrative Rules

#### 847-010-0068

(1) In the event of an emergency declared by the Governor of Oregon, the Oregon Medical Board shall allow physicians and/or physician assistants licensed in another state to provide medical care in Oregon under special provisions during the period of the declared emergency, subject to such limitations and conditions as the Governor may prescribe.

(a) The out-of-state physician and/or physician assistant shall submit to the Board the following information:

(A) Verification of a permanent, current, and unrestricted license to practice in another state which is not the subject of a pending investigation by a hospital, a state medical board, or another state or federal agency; and

(B) Current federal or state photo identification, i.e., driver license or passport.

(b) The requirement for completing and submitting the information to the Board is waived if the out-of-state physician and/or physician assistant is a member of the National Disaster Medical System (NDMS) under the Office of Emergency Preparedness, U.S. Department of Health and Human Services, and submits to the Board a copy of his/her NDMS photo identification.

(c) The physician and/or physician assistant shall provide the Board documentation demonstrating a request to provide medical care from a hospital, clinic or private medical practice, public health organization, EMS agency, or federal medical facility, or has otherwise made arrangements to provide medical care in Oregon as the result of the declaration of an emergency.

(d) The out-of-state physician and/or physician assistant shall not practice in Oregon under the special emergency provisions beyond the termination date of the emergency. Practice in Oregon beyond the termination date of the declared emergency requires licensure through the Oregon Medical Board.

(2) In the event of an emergency declared by the Governor of Oregon, the Oregon Medical Board may allow Emeritus and Locum Tenens physicians and/or physician assistants to provide medical care in Oregon under special provisions, subject to such limitations and conditions as the Governor may prescribe.

(b) Locum Tenens. The period of a declared state of emergency will not count toward the practice period limits in OAR 847-008-0020.

(3) In the event of an emergency declared by the Governor of Oregon, the Oregon Medical Board may allow Administrative

Medicine, Inactive, Lapsed, and Retired physicians and/or physician assistants to reactivate to Active status in Oregon under special provisions, subject to such limitations and conditions as the Governor may prescribe.

(A) Have had an active clinical practice within the past three years;

(B) No longer hold an active license to practice medicine in another state; and
