RULE TITLE: Reporting Requirements

NOTICE FILED DATE: 07/12/2021

RULE SUMMARY: The rule amendments further define "medical incompetence" to clarify that evidence of medical incompetence also includes failure to pass a competency exam/program or complete a course/program when required by the Board or a health care facility. The rulemaking breaks out the nine separate types of conduct within definition of "unprofessional or dishonorable conduct" in ORS 677.188(4). The rulemaking clarifies that a licensee may not intentionally contact the known complainant, until the licensee has requested a contested case hearing and the Board has authorized the taking of the complainant's deposition. Lastly, the amendments incorporate by reference the ethics standards of the Board's regulated professions.

RULE TEXT:

(1) Board licensees and health care facilities must report to the Board as required by ORS 676.150, 677.092, 677.190, and 677.415. These reports include, but are not limited to, the following:

(a) A licensee must self-report to the Board:

(A) Any conviction of a misdemeanor or felony or any arrest for a felony crime to the Board within 10 days after the conviction or arrest;

(B) Any adverse action taken by another licensing jurisdiction or any peer review body, health care institution, professional or medical society or association, governmental agency, law enforcement agency or court for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action as described in ORS chapter 677;

(C) Any official action taken against the licensee within 10 business days of the official action; or

(D) A voluntary withdrawal from practice, voluntary resignation from the staff of a health care facility or voluntary limitation of the licensee's staff privileges at a health care facility if the licensee's voluntary action occurs while the licensee is under investigation by the health care facility or its committee for any reason related to possible medical incompetence, unprofessional conduct or physical incapacity or impairment.

(b) A licensee who has reasonable cause to believe that another state licensed health care professional has engaged in

prohibited or unprofessional conduct must report the conduct within 10 working days to the board responsible for the other professional unless disclosure is prohibited by state or federal laws relating to confidentiality or protection of health information.

(c) A licensee must report within 10 business days to the Board any information that appears to show that a licensee is or may be medically incompetent or is or may be guilty of unprofessional or dishonorable conduct or is or may be a licensee with a physical incapacity.

(d) A health care facility must report to the Board:

(A) Any official action taken against a licensee within 10 business days of the date of the official action; or

(B) A licensee's voluntary withdrawal from practice, voluntary resignation from the staff of a health care facility or voluntary limitation of the licensee's staff privileges at a health care facility if the licensee's voluntary action occurs while the licensee is under investigation by the health care facility or its committee for any reason related to possible medical incompetence, unprofessional conduct or physical incapacity or impairment.

(2) For purposes of the statutes, reporting to the Board means making a report to the Board's Investigation Unit or the Board's Executive Director or the Board's Medical Director. Making a report to the Board's Health Professionals' Services Program (HPSP) or HPSP's Medical Director does not satisfy the duty to report to the Board.

(3) For the purposes of ORS chapters 676 and 677, the terms medical incompetence, unprofessional conduct, and impaired licensee have the following meanings:

(a) Medical Incompetence: A licensee who is medically incompetent is one who is unable to practice medicine with reasonable skill or safety due to lack of knowledge, lack of ability, or impairment. Evidence of medical incompetence shall include:

(A) Gross or repeated acts of negligence involving patient care.

(B) Failure to achieve a passing score or satisfactory rating on a competency examination or program of evaluation when the examination or evaluation is ordered or directed by the Board or a health care facility.

(C) Failure to complete a course or program of remedial education when ordered or directed to do so by the Board or a health care facility, or a medical education or training program.

(b) Unprofessional conduct: Unprofessional conduct includes the behavior described in ORS 677.188(4), defined as conduct which is unbecoming to a person licensed by the Board or detrimental to the best interest of the public, and which includes:

(A)(i) Any conduct or practice contrary to recognized standards of ethics of the medical, podiatric, or acupuncture professions, or

(ii) Any conduct which does or might constitute a danger to the health or safety of a patient or the public, to include a violation of patient boundaries, or

(iii) Any conduct or practice which does or might adversely affect a provider's ability to safely and skillfully practice medicine, podiatry, or acupuncture; or

(iv) Practicing with a condition that is adversely affecting a provider's ability to safely and skillfully practice medicine, podiatry, or acupuncture.

(B) Willful performance of any surgical or medical treatment which is contrary to acceptable medical standards.

(F) Sexual misconduct: Licensee sexual misconduct is behavior that exploits the licensee-patient relationship in a sexual

way. The behavior is non-diagnostic and non-therapeutic, may be verbal, physical or other behavior, and may include expressions of thoughts and feelings or gestures that are sexual or that reasonably may be construed by a patient as sexual. Sexual misconduct includes but is not limited to:

(IX) Offering to provide practice-related services, such as medications, in exchange for sexual favors.

(ii) Sexual impropriety: Behavior, gestures, or expressions that are seductive, sexually suggestive, or sexually demeaning to a patient or the patient's immediate family, to include:

(I) Sexually exploitative behavior, to include taking, transmitting, viewing, or in any way using photos or any other image of a patient, their family or associates for the prurient interest of others.

(II) Intentional viewing in the health care setting of any sexually explicit conduct for prurient interests.

(III) Having any involvement with child pornography, which is defined as any visual depiction of a minor (a child younger than 18) engaged in sexually explicit conduct.

(viii) Any provision of the National Certification Commission for Acupuncture and Oriental Medicine's 2016 Code of Ethics.

(H) Intentionally contacting the known complainant or allowing any person authorized to act on behalf of the licensee to contact the known complainant in regard to the complaint or investigation unless and until the licensee has requested a contested case hearing and the Board has authorized the taking of the complainant's deposition pursuant to ORS 183.425.
