DESCRIPTION OF DUTIES

2.1. Conducts periodic inspections and maintains all aircrew flight equipment such as parachutist helmets, helmet mounted devices, oxygen masks, flotation devices, night vision, other ocular systems, and other types of AFE systems. Will also perform In-Process-Inspections (IPI) and Quality Control Inspections (QCI) on all AFE equipment in inventory. Repairs various parachutes, evaluates problems and determines feasibility of repair or replacement related to inspecting equipment, to include parachutes. Evaluates work orders for fabrication and repair of AFE.

2.2. Uses various types of test equipment such as altimeters, oxygen testers, leakage testers, and other types of testers to conduct reliability testing on AFE equipment. Tracks monitors, and updates equipment inspection records, item manufacturer details, and serviceability status of AFE equipment issued to operations personnel. Forecasts supply and manages stock levels for component replacement requirements.

2.3. Operates, maintains, and inspects machinery, test equipment, and tools. Performs operator maintenance and service inspections on shop equipment. Stores, handles, uses, and disposes of hazardous waste and materials based on environmental standards.

2.4. Conducts aircrew continuation training; instructs on equipment use, operation, and capabilities.

2.5. Plans, directs, organizes, and evaluates operational aspects such as equipment accountability, personnel reliability, mobility readiness, and other activities necessary to meet operational readiness. Maintains associated databases to ensure equipment accountability. Establishes performance standards, improves work methods, and advises on inspection, repair, and repack of aircrew flight equipment. Ensures serviceability based on required specifications and technical publications.

2.6. Prepares checklists and complies with operating instructions. Develops lesson plans for aircrew training, safety, and other required programs. Assigns, trains, and prepares AFE personnel for deployment. Procures, maintains, stores, and prepares equipment for deployment. Determines facilities, funding, and mobility of AFE assets to support operational taskings. Develops and submits budget requirements. Requisitions equipment and supplies. Maintains custodial files for accounts such as supply and equipment, munitions, and test, measurement and diagnostic equipment. Obtains assistance from other agencies to support AFE programs.

2.7. Manages unit and staff agency AFE programs. Provides unit and staff agency assistance to subordinate units to ensure AFE planning and training have been accomplished, and directives are being followed. Analyzes training and deficiencies preventing accomplishment of wartime tasks. Conducts quality assurance inspections to ensure compliance with policies and directives. Identifies and documents equipment and personnel training discrepancies and recommends corrective action. Evaluates and critiques instructors' effectiveness, and ensures presentations are accurate and current. Advises and assists agencies whose functions affect AFE activities. Evaluates data involving equipment development and sustainment and resolves problems. Conducts aircraft mishap safety investigations and analysis where aircrew-issued and aircraft-installed life-sustaining equipment is involved. Conducts assessments and provides operational risk analysis in matters affecting AFE.

The following are specific to Special Tactics AFE requirements

2.8 Inspect, repack, assemble, repair, test, evaluate and operate various Special Tactics airborne delivery systems--to include ram-air, static-line parachute systems, and precision aerial delivery systems.

2.9 Inspect, maintain, and fit non-standard life-sustaining equipment to include high altitude parachutist oxygen systems, night vision devices, and thermal imaging devices. Rig inflatable amphibious boats and other cargo for airdrops. Instruct and demonstrate advanced equipment concepts for special mission equipment used in support of Special Tactics missions.

2.10 Member must meet Army Static Line Jump school requirements within a year of start date and be willing to attend Basic Airborne Training when it comes available.
