Explore Oregon's Scenic Bikeways!

In 2009, Oregon became the first state to develop a statewide Scenic Bikeway program. Ten years later this innovative program now includes 17 designated and scenic routes that showcase Oregon’s breathtaking landscapes, cultural treasures and western hospitality.

Scenic Bikeways are Oregon’s best of the best bicycle rides for exploring this beautiful state. Everyone can find a ride that fits their style, from a half-day, family-friendly outing to a multi-day, remote and challenging route. Ride one or a combination of routes for a fun adventure. Oregon’s Scenic Bikeway route signs are posted along each bikeway.

Scenic Bikeways are maintained by locals and funded through a state aid lottery and private contributions. Everything you need to plan your trip at RideOregonRide.com/Bikeways:
- Detailed digital maps and GPS files
- Short videos describing each bikeway
- Information on State Park facilities, like-friendly lodging, and more
- Guides and shuttle companies
- Cycling events

Please be aware of your surroundings — routes may involve the road with cars, trucks and equipment and wildlife. Be visible and predictable, and practice riding etiquette when crossing or passing the flow of traffic.

In Oregon, a bicycle is legally considered a vehicle and falls under the same laws. Riders under 16 must wear a helmet and we strongly encourage all that enjoy the bikeways to interact to create a place of dramatic beauty and inspiration. The bikeway parallels the nationally designated Wild and Scenic Rogue River National Recreation Area. Water is the dominant force sculpting this steep volcanic twisting canyon in Central Oregon that removes you from today’s hustle and bustle.

The Cascade Siskiyou National Monument is one of Oregon's most scenic places with dramatic contrasts between the Cascade Range and the Klamath Mountains. This ride is for serious touring cyclists—it works best from December to May. You'll retrace the route of the original Oregon Trail through the dramatic mountain passes and deep canyons. This ride takes a lot of effort but you'll be rewarded with majestic views.

The Tualatin Valley Scenic Bikeway is located in an area of the Willamette Valley that is full of tree-covered hillsides with open fields. A 500-foot sandstone cliff marks the northern boundary of the bike path. This ride is for serious touring cyclists—it works best from April to November. You'll retrace the route of the original Oregon Trail through the dramatic mountain passes and deep canyons. This ride takes a lot of effort but you'll be rewarded with majestic views.

The Tumalo State Park Scenic Bikeway is located in an area of the Willamette Valley that is full of tree-covered hillsides with open fields. A 500-foot sandstone cliff marks the northern boundary of the bike path. This ride is for serious touring cyclists—it works best from April to November. You'll retrace the route of the original Oregon Trail through the dramatic mountain passes and deep canyons. This ride takes a lot of effort but you'll be rewarded with majestic views.

The Cape Blanco State Park Scenic Bikeway is located in an area of the Willamette Valley that is full of tree-covered hillsides with open fields. A 500-foot sandstone cliff marks the northern boundary of the bike path. This ride is for serious touring cyclists—it works best from April to November. You'll retrace the route of the original Oregon Trail through the dramatic mountain passes and deep canyons. This ride takes a lot of effort but you'll be rewarded with majestic views.

The Twin Bridges Scenic Bikeway is located in an area of the Willamette Valley that is full of tree-covered hillsides with open fields. A 500-foot sandstone cliff marks the northern boundary of the bike path. This ride is for serious touring cyclists—it works best from April to November. You'll retrace the route of the original Oregon Trail through the dramatic mountain passes and deep canyons. This ride takes a lot of effort but you'll be rewarded with majestic views.
