

## **Scenic Bikeway Designation Process**

*Bikeway Committee is an Advisory Committee to OPRD. All committee votes are accepted as advisory and not final*

### **Application Phase**

*During the application window the Proponent submits application including:*

*Proposed route*

*Letters of support from governing bodies of road management agencies and adjacent public landowners*

*OPRD Bicycle Coordinator reviews the application for completeness. If complete, staff sends completed applications to the Oregon Scenic Bikeway Committee, or sends written feedback to Proponent explaining why it was not advanced.*

*State Bikeway Committee reviews completed applications, chooses routes to rate using the Bikeway criteria. Routes can be rejected without a field rating based on the committee's knowledge of the route or due to program capacity and if it complements the program as a whole.*

*Route does not score well. Route can be rejected outright by committee or with suggestion to resubmit after issues are addressed.*

*If route scores well and is recommended for designation by the Bikeway Committee, staff consults with Oregon Recreation Trails Advisory Council. Bikeway item must be during a public meeting as per OAR.*

*Recommendations are forwarded to OPRD director or OPRD manager for preliminary OPRD approval. The committee can choose to not forward a well scoring route to the director based on other factors, such as Committee and staff capacity and if it complements the Bikeway Program as a whole.*
