

Oregon Parks and Recreation Commission

August 21, 2020

Agenda Item: 8b

Information

Topic: Ecola Point to Indian Beach, Oregon Coast Trail

Presented by: Robin Wilcox, Planning Manager

Background

In the June the Commission accepted a donation from the Oregon Coast Visitors Association for completion of work in progress to construct a new section of Oregon Coast Trail in Ecola State Park between Ecola Point and Indian Beach. This section of trail was damaged irreparably in a landslide near Bald Point in 2017. Project funds were lost as a result of OPRD budget reductions in the wake of park closures due to COVID-19 earlier this spring. OPRD's trail contractor, Ptarmigan Ptrails returned to the park in August to complete the trail just as the park re-opened for visitors.

Prior Action by the Commission: Donation approved June 2020

Action Requested: None, presentation with trail photos shared
