Topic: Request to Open Scenic Bikeways Rulemaking OAR 736-009-0020 to 736-009-0030

Presented by: Clint Culpepper, Cycle Oregon – Scenic Bikeways Coordinator
Jo Niehaus, Policy Analyst

Background:

The Scenic Bikeways Program was established in 2009 as the first program in the United States with official state-designated bike routes with printable maps, GPS cue sheets and on-road signage to showcase beautiful scenery, state history and local communities along bike routes.

Currently the program is managed by Cycle Oregon, a non-profit dedicated to transforming individuals and communities through bicycling to preserve and protect the special places in Oregon while supporting community development cycling projects throughout the state. Cycle Oregon is in its second year of its 2-year contract to administer the Scenic Bikeways program.

The program is seeking rule changes to the agency's administrative rules and definitions that govern the formation of the Scenic Bikeways Committee and establishment process of the Scenic Bikeways under Chapter 736 Division 9 (OAR 736-009-0020, OAR 736-009-0025, OAR 736-009-0030).

These changes seek to increase diversity and participation in the committee by adding two additional at-large seats and widening participation to a representative appointed by the Oregon Recreation Trails Advisory Council (ORTAC) and Oregon Bicycle and Pedestrian Advisory Committee (OBPAC). It will also clarify and streamline the committee's process by defining more clearly the group's quorum and process for recommendation designation.

Definitions will be updated to exclude the term "paved" in order to open up qualifying bikeways to include other surfaces and "bicycle path" will be clarified to include public ways that allow for bicycles including e-bicycles that are operator propelled or electric assisted. This definition will also be extended to identify manual and motorized wheelchair use to accommodate accessible shared-use options.

Overall this rulemaking seeks to better serve Oregonians through widening definitions to allow for maximum participation from a more diverse array of participants and to protect recreation access for differently-abled individuals and different types of cyclists.

Prior Action by Commission: The Commission voted to adopt OAR 736, Division 009 – Scenic Bikeway Rules in July 2008. These rules were amended for a minor wording change to the description of committee members and amendments were adopted by the Commission in April 2016.

Action Requested: Staff request permission to open rulemaking on amendments to OAR 736-009-0020 to 736-009-0030 to update Scenic Bikeways rules.

(1) Oregon Scenic Bikeways may be comprised of bicycle paths, designated transportation corridors or a combination thereof. Oregon Scenic Bikeways may include route sections located in or near existing rights-of-way for roads or highways.

(2) Oregon Scenic Bikeways may be linear, loop, or a combination of linear and loop routes that are routes of superior scenic quality that inspire people to experience Oregon's natural beauty and cultural heritage by bicycle.

(3) Pursuant to ORS 390.962(1), an Oregon Scenic Bikeway may be located:

(a) Over public land with the consent of each governmental entity having jurisdiction over the lands designated; or

(4) The Department will periodically call for Bikeway applications.

(5) Evaluation of Applications

(a) To be considered as an Oregon Scenic Bikeway, a proponent must submit to the department a completed Oregon Scenic Bikeway Application form in the format specified by the department.

The department will provide all complete, eligible applications to the committee. Incomplete or ineligible applications will be returned to the proponents with an explanation of the deficiencies.

(c) The committee will consider routes for designation based on the criteria provided in sections (1)–(3) of this rule and the Oregon Recreation Trails System Act, ORS 390.950 to 390.989 and 390.995(2).

(A) Emphasis on use of public lands,

(B) Minimizing adverse effects on adjacent landowners,

(C) Harmony with and complement to established forest, agricultural, or other use plans, and

(D) Any natural features, agriculture, forest, unusual or unique landforms, vegetation, water components, scenic beauty and interest, as well as amenities available to the route.

(g) The committee will forward recommendations for designation to ORTAC for consultation ~~during an ORTAC public meeting.~~

(h) The committee will forward recommendations for designation to the director for approval to advance to the designation process.

(b) The department shall evaluate each Oregon Scenic Bikeway at least once every five (5) years. The department will provide the committee an evaluation of the Scenic Bikeway including any significant changes on the route that would diminish its scenic qualities and the strength of the local proponent group.
