Topic:	Legislative Update	
Presented by:	Katie Gauthier, Government Relations and	d Policy Manager

Background:

The 82nd legislative session concluded on June 25 after a flurry of activity in the final days. After a 43-day walkout denying quorum in the senate, a late session agreement enabled a return of enough senators to pass bills and budgets. Coupled with construction throughout the building and number of new legislators, this was once again a strange session.

Introduction of agency priority bills were delayed due to the change in administration. In the end, we had four bills introduced by a committee and two bills were led by partners or legislators.

OPRD started the session with the following priorities:

- <u>HB 2011</u>: Park and Recreation employee assault penalties (Died in committee);
- <u>HB 2737</u>: Transferring land to federally-recognized Indian Tribes (enacted, eff. 1/24);
- <u>SB 149:</u> Extend sunset on historic property special assessment program (Died in Committee);
- <u>SB 888</u>: ATV Class IV Safety Education Cards (Died in Committee);
- <u>SB 889</u>: ATV Class IV Definition changes (enacted, eff. 1/24); and
- <u>SB 890</u>: Parks Commission Update (enacted, eff. 1/24).

For the three bills that were enacted, we are working on implementation and rulemaking, if necessary. Over the next few months we will evaluate options for the bills that did not pass to better understand the issues surrounding it and determine how to move forward in the future.

In addition to the legislation above, there were a number of bills that passed through the session that may have an impact on the agency. The following pages include a summary of legislation that may have an impact on the agency, organized by topic area, instead of bill number.
