Agenda

- General Program Overview
  • Eligibility (applicants and projects)
  • General Application requirements

- 2021 LWCF Application
  • Timeline
  • Available funding and grant min./max.
  • Open Project Selection Process
  • Scoring Criteria
  • Application tips / Common pitfalls
  • Oregon Outdoor Recreation Committee

- Post-Award Responsibilities
- Contact Us
- Questions
Land & Water Conservation Fund Grant Program

• Established by Congress in 1964
  • To create parks and open spaces
  • Protect wilderness, wetlands, and refuges
  • Preserve wildlife habitat; and
  • Enhance recreational opportunities
LWCF Act

- Section (6)(f)(3) of the LWCF Act states that:
  “No property acquired or developed with assistance under this section shall, without the approval of the Secretary, be converted to other than public outdoor recreation uses.”
Source of Funds

- Outer Continental Shelf (OCS) revenues derived from leasing of oil and gas sites in coastal waters;
- Sales of federal surplus real property;
- A portion of federal motorboat fuel taxes;
- Fees for recreation use of federal lands; and
- GOMESA (Gulf of Mexico Energy Security Act, Public Law 109-432 105 (a)(2)(B)
One Fund, Two Programs

Federal Side

Land acquisition for the natural, cultural, wildlife, and recreation management objectives of federal land management agencies

State Matching Grant Program

Matching grants to States and through States to local governments for the acquisition and development of public outdoor recreation areas and facilities
Grant Type

Reimbursement grant:

• Grantee will initially pay project expenses
• Grantee submits full accounting of project expenses and payments, and requests reimbursement for grant’s percentage of the project.
• State approves and submits request to National Park Service for reimbursement.
Federal, State, Local Partnerships

NPS

OPRD

Project Sponsor
(applicant/grantee)
Recent Awards

2020 Cycle: Awards TBD*
- 19 applications reviewed by committee, 12 projects were recommended for funding (63%)
- Average amount requested = $463k
- Recommended projects ranged from $149,000 - $1M

*2020 projects have not been awarded yet.

2018 Cycle: $3M awarded
- 16 applications reviewed by committee, 12 projects funded (75%)
- Average approved grant amount = $280k
- Approved grants ranged from $45,000 - $665,000

2016 Cycle: $1.5M awarded
- 13 applications reviewed by committee, 10 projects funded (77%)
- Average approved grant amount = $150k
- Approved grants ranged from $43,000 - $265,000

2014 Cycle: $2M awarded
- 20 applications reviewed by committee, 12 projects funded (60%)
- Average approved grant amount = $173k
- Approved grants ranged from $31,000 - $500,000
Eligible Project Sponsors

**Local Government**

*Not less than 60% of our LWCF funds (after covering administrative costs)*.

- Cities (Municipal Corporations)
- Counties (Political Subdivisions)
- Parks and Recreation Districts
- METRO
- Port Districts
- Federally recognized Indian Tribes
Eligible Project Sponsors

State Government

- Oregon Parks and Recreation Department
- Oregon Department of Forestry
- Oregon Department of Fish and Wildlife
- Oregon Department of State Lands

Up to 40% of the remainder to state agencies.
Eligible Project Types

• Land Acquisition
• Development
• Major Rehabilitation and/or Renovation
• Acquisition & Development (Combination)
Acquisition Projects

Lower Deschutes River Ranch, ODFW
Acquisitions

Acquisition of lands and waters, or interests therein may be accomplished through purchase, transfer or by gift.
Acquisitions

Eligible acquisitions:

• New areas
• Additions to existing parks, forests, wildlife areas, beaches or other similar areas dedicated to public outdoor recreation
Acquisitions

• Natural areas and preserves may be acquired but must be open to the general public for outdoor recreation use to the extent that natural attributes of the areas will not be seriously impaired or lost.

• LWCF assistance may be used to acquire only modest structures which are to be used primarily for outdoor recreation or outdoor recreation support activities.
Acquisitions

• Funding may be used to acquire property for which development of outdoor recreation facilities is planned at a future date.

• In the interim, between acquisition and development, the property must be open for those public recreation purposes which the land is capable of supporting or which can be achieved with minimum public investment.
Acquisitions

Ineligible acquisitions:
• Historic sites and structures
• Museums and sites to be used for museums or archeological excavations
• Areas and facilities to meet a public school’s minimum site size requirements
• Areas and facilities designed to be used primarily for semi-professional and professional arts and athletics
• Lands, areas, and facilities to be used solely for preservation or production of wildlife; other wildlife areas that exclude the public; and fish hatcheries (such areas may be eligible if they will be open to the public for compatible recreation uses and development)
Acquisitions

Ineligible acquisitions:

- Areas for indoor facilities
- Areas with railroad “hardware,” trestles, stations, yards
- Site containing luxury lodges, motels, restaurants
- Agricultural land primarily for preservation in agricultural purposes
- Federal surplus property
Uniform Relocation and Assistance

• All acquisitions with LWCF assistance must be conducted in accordance with the applicable provisions of Public Law 91-646, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

• Implementing regulations: 49 CFR Part 24
Acquisitions

Appraisals
The Uniform Appraisal Standards of Federal Land Acquisitions (UASFLA), commonly referred to as the “Yellow Book,” shall be used by state and local appraisers in the preparation of appraisals for federal LWCF-assisted acquisitions, donations if used for a federal match, and land exchanges for conversions.
Appraisals

- Must have been completed within the last 12 months
- Appraisals should be reviewed by a qualified appraisal reviewer (Desk Appraisal)
- Completed Appraisal and the Appraisal Review are due at application deadline
- Waiver valuation may be used if the property is valued under $25,000
- More info in the [Federal LWCF manual](#) (chapter 4.D.)
Development / Rehabilitation Projects

Central Park Playground Improvements,
City of Corvallis
Recuerdo Park,
Tualatin Hills Park and Recreation District
Development/Rehabilitation

• May consist of one improvement or a group of related improvements designed to provide basic facilities for outdoor recreation including:
  • Facilities for access, safety, health and protection of the area;
  • Required for the outdoor recreation use of the area.

• Construction, renovation, site planning, demolition, site preparation, and architectural services
Development/Rehabilitation

Eligible projects include but are not limited to:

• Sports and playfields
• Picnic facilities
• Trails
• Swimming facilities
• Boating facilities
• Fishing/hunting facilities
• Camping
• Community gardens
• And more…

River Forks Park,
Douglas County
Development/Rehabilitation

Ineligible projects:
Support facilities or portions of support facilities which contribute to public indoor activities such as meeting rooms, auditoriums, libraries, study areas, restaurants, lodges, motels, luxury cabins, food preparation equipment, kitchens, and equipment sales areas.
Rehabilitation

- Major rehabilitation means the repair, restoration, or reconstruction of facilities
  - Facility is beyond its normal life expectancy or obsolete
  - Destroyed by fire, natural disaster or vandalism
  - Does not meet health and safety code / requirements (building code changes)
  - Requires rehabilitation to ensure critical natural resource protection
  - Does not meet access requirements of the American with Disabilities Act
  - Changing recreational needs dictate a change in the type of recreation area or facility required
Rehabilitation

• Major rehabilitation projects do not involve routine maintenance or repair work.
• Routine maintenance/repair includes work such as cleanup, painting, and minor repairs of buildings, structures, equipment and utilities merely maintaining portions of such facilities in a sound and useful state.
Ownership / Control of Property

Facilities may be developed on land and water that is:

• Owned in fee simple by the sponsoring agency (Deed)
• Leased land or Easements that provide permanent control of the property.
  • Leased from Federal Government with no less than 25 years remaining on the lease and is not revocable at will; OR
  • Leased from one public agency to another for 25 years or more, provided that safeguards are included to adequately ensure the perpetual use requirement contained in the LWCF Act.
The LWCF boundary map must clearly delineate the area to be included under the conversion provisions of Section 6(f)(3) of the LWCF Act.

LWCF boundary area normally exceeds that actually receiving LWCF assistance so as to assure the protection of a viable recreation area.
LWCF Boundary Map

• The LWCF boundary area must encompass a viable public outdoor recreation unit that is capable of being self-sustaining without reliance upon adjoining or additional areas not identified in the scope of the project.
LWCF Boundary Map

- Official park/site name, location, project number
- Sufficient detail to legally identify property to be protected under Section 6(f)(3)
- All known outstanding rights and interests. Known easements, deed/lease restrictions, reversionary interests etc.
- Total Acreage
- North arrow
- Signature of project sponsor
- Up to 11” x 17” format
- Avoid using color as the only means to delineate areas
Section 6(f)(3) Boundary Map example
LWCF Boundary Map example
LWCF Boundary Map example

Proposed boundary with grant application, 2018

Final boundary upon project closeout, 2020
(Included additional parkland acquired prior to grant closeout)
Section 6(f)(3) Boundary Map example
Site Plan example
Environmental Review

- **Highly recommended** to start this right away!
- Must give State Natural Resource Agencies at least **30 days** to comment.
- State Natural Resource Agency contact list is located in the LWCF application (under Files), in Section 3.6 of the [Oregon LWCF Program Manual](#) AND on the [LWCF website](#).
- State Natural Resource Agency Review Instructions & Forms was **updated 8/27/2021**.
Environmental Review

- State Natural Resource Agencies required to be contacted:
  - Dept. of State Lands (DSL)
  - Dept. of Fish & Wildlife (ODFW)
  - Dept. of Environmental Quality (DEQ)
  - Dept. of Land Conservation & Development (DLCD)
  - State Historic Preservation Office (SHPO) – OPRD will contact SHPO on your behalf

- Others, based on project type:
  - Example: Dept. of Forestry, State Marine Board, Dept. of Agriculture, etc.
  - Agency Contact list provides more information

State natural resource agencies use the consultation form to communicate requirements, such as permits needed, or other recommendations for improvement.
Environmental Review

- Application & Review Form (A&R) should be used to solicit Natural Resource Agency Comments
  - Can be “mostly complete” to solicit comments
  - Natural Resource Agency Comments can help you update or complete the final A&R Form
- Final A&R Form must be submitted with the application (please submit as a Microsoft Word document)
Table 1 – For each resource indicate if positive impacts or negative impacts are anticipated to result from the action or if further information is needed to determine the potential impact.

- + indicates positive impacts are anticipated to result from the action
- - indicates negative impacts are anticipated to result from the action
- ? indicates further information is needed to determine the potential impact

Note from OPRD: If no impacts are anticipated or the resource does not exist, please indicate so in the table below next to the name of the resource.

</tbody>
</table>
Environmental Review

A&R Form, Section 3.C:

• Applicant completes questions 1-5

• OPRD completes the NEPA Pathway Recommendation

1. Have there been any previous NEPA/SEPA documents that are relevant to this project or this specific site?
   a. □ No
   b. □ Yes – Attach and summarize findings and include page number references below

2. Explain any negative or unknown impacts identified in Table 1 of the Environmental Resources Survey, or any boxes marked “yes” in Table 2 (mandatory criteria).

3. How was the information identified in the tables derived and what sources of data were used to justify the impact selection?

4. Who contributed to filling out the Environmental Resources Survey (include name, title, agency) and what qualifications do they have that provide the necessary resource expertise to determine impact significance?

5. List all required federal, state, and local permits/approvals needed for the proposal and explain their purpose and status.

NEPA Pathway Recommendation **This is completed by OPRD.**

Attach documentation of NPS concurrence with the recommended NEPA Pathway

□ This proposal qualifies for a Categorical Exclusion (CE). List: __________

□ This proposal requires an Environmental Assessment (EA), which is attached and has been produced in accordance with the LWCF Manual.

□ This proposal may require an Environmental Impact Statement (EIS).
Environmental Review

Intergovernmental Consultation Steps:
1. Complete the Application & Review Form (A&R)
2. Complete a Transmittal Memo/State Agency Review Form for each agency (State Natural Agency Review Instructions and Forms).
3. Email to each agency:
   - Transmittal Memo
   - Intergovernmental Consultation Form
   - A&R Form
   - Project Location Map and LWCF Boundary Map
4. Upload comments received from State Natural Resource Agencies to application.
5. Follow up with agencies if additional info is requested.

*Projects may not start until Notice to Proceed received*
Grant Requests

• **Available funds:** Approximately $4M
• **Minimum grant request:** $50,000 ($100,000 total project costs)
• **Maximum grant request:** No fixed amount; however, maximum grant request for a single project shall not exceed the total funds available for the grant cycle
Project Budget

• Detailed budget
• Include sufficient line items to show all major work elements
• Identify all sources of match (e.g. labor, cash, donations, etc.)
• Do not include “Contingency” as a line item.
• Identify pre-agreement costs and the earliest date the costs were incurred

General Cost Principles:
• Federal LWCF Financial Assistance Manual (chapter 5)
• 2021 LWCF Oregon Grant Program Manual (chapter 6)
Project Budget – adding project costs

1. Click “Add Worksheet Item” button

![Project Budget Worksheet]

2. Enter the budget item and the cost, then click “Add Item” button

![Project Budget Worksheet]
Project Budget – adding match (not from another grant)

1. Click “Add Worksheet Item” button
   a. Enter the match description
   b. Enter “0” in the Amount row
   c. Select “does this item include match” checkbox
   d. Enter the Match Amount
   e. Enter the source of the funding

2. Click “Add Item” button
Project Budget – adding match (from another grant)

1. Click “Add Worksheet Item” button
   a. Enter the match description
   b. Enter “0” in the Amount row
   c. Select “does this item include match” checkbox
   d. Enter the Match Amount and the source of the funding
   e. Check the box to indicate another grant and fill in the new boxes that appear

2. Click “Add Item” button

</tr>
</thead>
<tbody>
<tr>
<td>Cash (Agency budgeted funds)</td>
<td>$600,000</td>
</tr>
<tr>
<td>RTP Grant (Grant - Recreational Trails Program Grant FHWA Federal grant(pending))</td>
<td>$55,200</td>
</tr>
</tbody>
</table>

**Total Project Cost:** $1,310,400.00

**Total Match from Sponsor:** $555,200.00

**Grant Funds Requested:** $655,200.00
Match Requirements

- LWCF provides up to 50 percent funding assistance
- Local Match can include:
  - Local budgeted funds
  - Agency force account & equipment use
  - Donations (Cash, equipment, materials, private property)
  - Volunteer labor
  - Grants (No federal grants, except CDBG and RTP)
- Everything you use as match has to be an eligible item.
Match Requirements

Pre-agreement Planning Costs – Development projects:

• Eligible and must be described in grant application
• The costs of site investigation and selections, site planning, feasibility studies, preliminary design, environmental review, preparation of cost estimates, construction drawings and specifications
• All such pre-award planning costs incurred within three (3) years prior to project are allowable
• Professional costs (whether pre-agreement or not) can only be a maximum of 15% of total project cost
Match Requirements

Volunteer labor: must be documented with a volunteer labor timesheet.

- Consistent with those regular rates paid for similar work in other activities of the state (BOLI rates)
- Valued at the rate paid as a general laborer unless the person is professionally skilled in the work being performed (i.e., plumber doing work on pipes, mason doing work on a brick building).
- Laborer's wages may be charged in the amount of that which the city or cities in the immediate area pay their city employees for performing similar duties.
Match Requirements

• Donated materials: Should be reasonable and should not exceed current market prices at the time they are charged to the project. Records of in-kind contributions of material shall indicate the **fair market value** by listing the comparable prices and vendors.

• Donated equipment: Hourly rate shall not exceed its **fair-rental value**. Hourly rates in the annual edition of Rental Compilation or Rental Rate Guide or similar publications that provide the national or regional average rates for construction equipment may be used.
Match Requirements

• Donated property: The value of donated real property shall be established by an independent appraiser in accord with the Uniform Appraisal Standards for Federal Land Acquisitions, or “Yellow Book”.

• Donated property must occur within the project period (after Notice to Proceed has been issued by OPRD)
Open Project Selection Process

• Applications must be in accord with the priorities in the 2019-2023 SCORP
• Establishes objective scoring criteria and standards
• Staff technical review
• Project sponsor presentations before the Oregon Outdoor Recreation Committee
Open Project Selection Process

• Connection between planning documents and project proposals
• Address highest priority recreation needs
• Ensures public participation

OPRD Technical Review

Grant Performance & Compliance

- Is the applicant in compliance with other OPRD grants?
- Serious instances of non-compliance may be cause for denial or for special conditions to be placed on the award

Minimum Policy Requirements, Project Suitability

- Is the project eligible? Does it meet the intent of federal LWCF guidelines?
- Are all budget and scope elements eligible?
- Is the application complete?
Supplemental Section: SCORP Criteria

Consistency with Statewide Priorities (0-20 points)

Select the statewide priorities that your project will address, using either the Close-To-Home priorities or Dispersed Area priorities.

(See Tables 12.1-12.2, page 216 of the 2019-23 SCORP)

- Close-to-home area: located within an Urban Growth Boundary, unincorporated community boundary, or in a Tribal Community.
- Dispersed area: located outside these boundaries

Table 12.2. Statewide priorities – Oregon resident outdoor recreation survey
Supplemental Section: SCORP Criteria

Consistency with Statewide Issues (0-10 points)

Does the project meet outdoor recreation needs of:

- An Aging population
- An increasingly Diverse population
- Families with Children
- A Low-Income population

If so, what needs are addressed?

See Tables 12.3-12.20, pages 216-223 of the 2019-23 SCORP.
Supplemental Section: SCORP Criteria

Consistency with Statewide Issues (0-10 points)

Young-old (age 60-74 years)
Middle-old (age 75-84 years)
Supplemental Section: SCORP Criteria

Local Needs and Benefits (0-25 points)

Needs identified through:

a. Public Recreation Provider Survey (county level through Tables 12.21-12.56 of the SCORP)
b. Oregon Resident Survey (tables 12.57-12.60 of the SCORP)
c. Local Planning (Local Planning Document, Park Master Plan, city or county comprehensive plan, trails master plan, etc.)
d. Public involvement effort (public workshops, public meetings, etc.)

The Parkland Mapping tool can be accessed at: https://www.oregon.gov/oprd/GRA/Pages/GRA-lwcf.aspx
Under Resources section on the right side of the page.
Local Needs and Benefits – Parkland Mapping Tool
Local Needs and Benefits – Parkland Mapping Tool

Green layer indicates residents within ½ mile of a park.
Local Needs and Benefits – Parkland Mapping Tool

Yellow layer indicates residents within ½ mile of a school park.
Local Needs and Benefits – Parkland Mapping Tool

May indicate area of park land need.
Supplemental Section: SCORP Criteria

Physical Activity Benefits (0-5 points)

Is the project located within a high-priority area?

Does the project meet one of the four physical activity priorities identified in Table 12.61 (page 231 of the 2019-23 SCORP)?
Supplemental Section: SCORP Criteria

Need for Major Rehabilitation (0-5 points)

a. Beyond its normal life expectancy
b. Destroyed by fire, natural disaster or vandalism
c. Does not meet health and safety codes/requirements
d. Requires rehabilitation to ensure critical natural resource protection
e. Changing recreation needs
f. Does not meet access requirements of the Americans with Disabilities Act
Supplemental Section

SCORP Criteria: Accessibility Accommodations (0-5 points)

a. Statewide Accessibility needs - facilities
b. Statewide Accessibility needs – demographic groups

Universal Design Concepts / Inclusive Outdoor Recreation Opportunities (0-5 points)

a. Describe how your project goes beyond ADA requirements and strives to incorporate Universal Design concepts.
Supplemental Section

(NEW) Diversity, Equity, and Inclusion (0-5 points)

• DEI strategies direct organizations to address inequity in the communities they serve, ensure diverse representation in the planning and decision-making process, and promote welcoming environments for all visitors, employees, and volunteers.

• If your organization has an inclusion strategy or is working towards an inclusion strategy, describe that here.

• If applicable, describe your organization’s diversity, equity, and inclusion strategy as it relates to this project.
Supplemental Section

(NEW) Sustainability (0-5 points)

• Sustainability means using, developing, protecting, and managing resources in a manner that enables people to meet current and future needs from the multiple perspectives of environmental, economic and community objectives.

• Describe how sustainability was considered in the intent, strategies, and long-term management plans for the proposed project.

• Examples may include but are not limited to: sustainable design methods; projects that will have a minimal impact on the surrounding ecosystem; projects that will result in user protection of natural resources such as water quality/conservation, plant conservation, wildlife conservation, energy conservation, pollution control and environmental protection and restoration.
Supplemental Section

Community Support (0-5 points)
a. Letters of support
b. Survey analysis from park users, neighbors, stakeholders, etc.

Financial Commitment (0-10 points)
a. Does agency budget demonstrate financial commitment?
b. Is the match secure?
c. A Resolution to Apply must be submitted to indicate a commitment of local match funding (and long term maintenance) for the project
Application Attachments

- Must submit document for each required attachment.
- Upload a document marked as “N/A” for attachments that don’t apply to your project.
- System will not allow you to submit until all mandatory questions are answered and all attachments uploaded.

Combine files when possible (such as photos, clearly labeled)
Application Tips

• Get started early: some attachments require an outside entity to reply *(State Natural Agency review)*
• Start with the **Pre-Application worksheets**, then copy/paste responses into online application
• Read and follow application instructions carefully
• **Save the online application often!**
Application Tips

• Review 2019-23 SCORP scoring criteria (chapter 12)
• Aim to submit early in case of technical issues
• Don’t bury key elements
• Be concise - use plain language
• Use pictures, diagrams, plans and maps instead of long confusing descriptions
• Be patient
What makes a good project?

- Demonstrated financial need
- Good access, visibility
- Inclusive
- Accessible
- Planning
- Grass-roots community support
- Public Involvement
What makes a good project?

• Projects teamed with other dedicated funds, donations/contributions to maximize available funds
• Broad multi-use potential
• Local match available and secured
• Project area that will be in recreation use in perpetuity
• Clear and acceptable LWCF boundary map
Common Pitfalls

• Compliance issues with previous LWCF projects
• No public access
• Inaccurate maps or documents
• Environmental / Cultural Resources
• Failure to disclose all pertinent information
• Ground disturbance before receiving NPS approval
Common Pitfalls

• Inaccurate or unrealistic budget
• Not requesting enough money
• Ineligible match
• Timing
• Not attending a workshop
• No communication
Oregon Outdoor Recreation Committee

• Composed of nine members appointed by the OPRD Director, to serve four year terms
• Establishes priority list for funding LWCF grant applications
• Recommendations to OPRD Director
• List approved by Oregon Parks and Recreation Commission
Project Presentation

• Applicants are required to present to the Committee.
• 20 minutes to set up, make presentation and take questions.
• Committee members will have already reviewed application.

Presentation tips:
• Be simple and to the point
• Emphasize importance of and need for project
• Don’t repeat all the information in your application, this is a chance to make your final case for funding
• Use good visuals
• Presenting handouts to the committee is not advised
• Bring a backup version of your presentation
What to Expect if Your Project is Recommended for Funding

• Pre-award inspection
• Finalize all required documents
• Go over timing
• Respond quickly to OPRD requests for additional information
Post-Award Responsibilities

• Progress reports – quarterly
• Accurate record keeping
• Request for reimbursements
• Complete project within project period, usually 2 years
• Amendments/extensions are possible but not guaranteed
• Project area and/or facility must meet ADA requirements
• Plan for staff transitions
Post-Award Responsibilities

• Retention and use – **LWCF boundary** in tact and property being used for outdoor recreation purposes
• Property shall be **maintained** so it appears attractive and inviting to the public.
• Property shall be kept reasonably **safe** for public use.
• Property shall be kept in **reasonable repair** throughout their estimated lifetime to prevent undue deterioration.
• The facility shall be kept **open** for public use at reasonable hours and times of the year, according to the type of area or facility.
Post-Award Responsibilities

• Signing. Is the area properly signed to allow for user information and safety, and proper acknowledgement of the federal Land and Water Conservation Fund?

• Interim use. Where lands have been acquired but not yet developed, the inspection should determine whether the interim uses of the property are in accordance with agreements with the NPS.
