

RTP Environmental Screening Form for Non-Federal Lands

Refer to section 2.6 of the RTP Grant Manual for more information

Do not complete this form for projects on federal lands

Applying Organization:		
Land Manager (if different than the applying organization):		
Project Name:		
Part I: Project Description: Describe each deliverable included in the RTP scope, including as relevant: proposed improvements, anticipated materials to be used, the method of construction or restoration if known, description of the extent of ground disturbance (length, width, and depth), description of construction staging and stockpiling locations, description of how equipment will access the site, and description of any demolition or site preparation not already described. If the project requires any fill or borrow materials, provide location information for the material if known, and whether the material is coming from a commercial site. For phased projects, limit the project description to only the phase included in the RTP proposal.		
Part II: Alternatives to Proposed Action(s): Are there project alternatives? If so, please describe.		
Part III: Environmental Impacts: Complete the following. For each “yes,” describe the magnitude of the impact and the potential for significant impact (based on context and intensity). Attach appropriate supporting documentation.		
A. Property Acquisitions: <small>(Note: Acquisitions under Eminent Domain is not a permissible activity under the RTP program.)</small>		
1. Is the project seeking permanent acquisitions from private landowners or local authorities?	Yes	No
2. If yes, is the project seeking full or partial acquisition(s)?		
3. Is the project on, or is it seeking transfer of Federal or State Land?		
4. If yes to any of the above, describe the proposed acquisition below and attach figures depicting affects to the property(ies):		
B. Social and Economic:		
1. Describe the positive and negative social and economic affects (if any) of the project to the local community(ies), individual residents, and/or businesses: <small>(For example, consider immediate and near future affects to local commuters, the elderly, people with disabilities, underserved communities, other recreational users, churches, schools; and consider comments received from the public.</small>		

C. Archeological and Historical Resources:		Yes	No
1. Has the project area had an archaeological survey? If unknown, add a comment below.			
2. Has your project area had a historical built environmental survey done? If unknown, add a comment below.			
3. Are there National Register-listed or eligible sites in the park, project area, or adjacent to the project area?			
4. Would the project affect one or more listed or eligible historic properties?			
5. Are the effects of the project adverse to listed or eligible sites?			
6. Have you had any contact with local tribes in your area about the project?			
7. If yes to any of the above, briefly summarize below and/or attach the following: dates of construction for any buildings or other built features within the project area, previous alterations to any buildings or structures in the project area that are 50 years or older, survey report (if done), accompanying determinations and concurrences from State Historic Preservation Office (if done), documentation from any tribal consultation (if done), and any agreement for resolution of adverse effects.			
D. Fish & Wildlife:			
<ul style="list-style-type: none"> • Attach a completed and signed State Agency Review Form from the Oregon Department of Fish and Wildlife • Run and attach a copy of a U.S. Fish and Wildlife IPaC report to the online application: https://ipac.ecosphere.fws.gov/location/index 		Yes	No
1. Are there Threatened or Endangered species or their habitat present?			
2. Are anadromous or resident fish populations present?			
3. Are migratory bird habitat or raptor nest present?			
4. Does the project affect wildlife resources (game/subsistence species)?			
5. Will the project cross Essential Fish Habitat (EFH)?			
6. If the IPaC report shows any Threatened or Endangered Species, have you already consulted with U.S. Fish and Wildlife?			
7. For questions 2-5, are any permits required?			
8. Describe impacts and expand on any responses in this section if needed.			
E. Wetlands & Floodplains: Attach a completed and signed State Agency Review Form from the Department of State Lands.		Yes	No
1. Will the project area impact Wetlands? (If yes, complete questions a-d)			
a. Total wetland acres affected:			
b. Total wetland fill quantities:		Cubic Yards	
c. Dredge quantities of wetland:		Cubic Yards	
d. US Army Corps of Engineers authorization required:	<input type="checkbox"/> None	Type: <input type="checkbox"/> NWP <input type="checkbox"/> Individual <input type="checkbox"/> Other	
2. Does the project encroach onto the 100-year floodplain?			
a. If yes, would the project increase the backwater elevation of the 100-year floodplain one foot or greater?			
3. Is the project within a regulatory floodway?			
a. If yes, does the project adversely affect the floodway?			
4. Describe impacts and expand on any answers in this section if needed.			

F. Water Bodies: Attach a completed and signed State Agency Review Form from the Department of State Lands.		Yes	No
1. Does the project affect a navigable water body (as defined by Section 9 of the Rivers and Harbor Act)?			
2. Does the project affect waters and navigable waters of the U.S. (as defined by Section 404 of the Clean Water Act and/or Section 10 of the Rivers and Harbors Act)?			
3. Proposed river or stream involvement: <input type="checkbox"/> Bridge <input type="checkbox"/> Culvert <input type="checkbox"/> Embankment Fill			
<input type="checkbox"/> Relocation <input type="checkbox"/> Diversion			
a. The proposed stream involvement is : <input type="checkbox"/> Permanent <input type="checkbox"/> Temporary			
4. Type of stream or river habitat impacted: <input type="checkbox"/> Spawning <input type="checkbox"/> Rearing <input type="checkbox"/> Pool			
<input type="checkbox"/> Riffle <input type="checkbox"/> Undercut Bank			
5. Describe the impacts and expand on any answers in this section if needed.			
G. Water Quality: Attach a completed and signed State Agency Review Form from the Oregon Department of Environmental Quality.		Yes	No
1. Does the project affect a public or private drinking source?			
2. Does the project affect a designated impaired water body?			
3. Indicate how many acres of ground-disturbing activities will result from the project:		acres	
4. Is there a municipal separate storm sewer system (MS4) National Pollution Discharge Elimination System permit (NPDES) or will runoff be mixed with discharges from an NPDES permitted industrial facility?			
a. If yes, provide NPDES permit #			
5. Describe the impacts and expand on any answers in this section if needed.			
H. Hazardous Waste:		Yes	No
1. Are hazardous wastes located within the project area?			
2. Describe the impacts:			
<p>Part IV: Public Involvement: If public involvement was solicited <u>related to environmental and cultural resource impacts</u>, describe the process and input received. Attach copies of public notices, comments received and the responses to comments.</p> <p>NOTE: the online RTP application also asks about public support and involvement for the overall project. This section is <u>only</u> to describe solicitation of input for environmental and cultural resource impacts, if relevant.</p>			
<p>Part V: Environmental Commitments and Mitigation Measures: List commitments and measures that will be taken to avoid, minimize or mitigate all resource impacts identified in Section III, IV and VI; and list all permit conditions. Describe how the grantee, consultant(s), and/or contractor(s) will monitor environmental impacts and commitments. Environmental commitments are actions that the grantee will be held to during the project implementation.</p>			

Part VI: Motorized Project Questions: Answer this section <u>only if</u> you have motorized recreation as part of your project scope (OHV or snowmobile use).		
A. Air Quality:	Yes	No
1. Is the project area in a designated non-attainment or maintenance area for air quality? (Locations include: Portland, Salem-Keizer, Eugene-Springfield, Rogue Valley (Central Point to Ashland), Grants Pass, LaGrande, Oakridge, Klamath Falls or Lakeview)		
2. If yes, is the project listed on the exempt projects list (40 CFR 93.126)?		
B. Noise:	Yes	No
1. Is the project in an existing designated recreational land use area or park?		
2. Is the project located near any residential areas, campgrounds, wildlife refuges or wilderness areas?		
3. If yes to any of the above, describe the proximity to types of areas and describe noise impacts:		
a. What types and numbers of mechanized vehicles do you anticipate on the trail daily and seasonally? (Example: 30 snowmobiles day/winter and 30 OHVs day/summer-fall)		
Part VII: Applicant Certification:		
I certify the information above was completed to the best of my knowledge to be accurate and correct:
