

OREGON MUSEUM GRANT

2019 GUIDELINES

OREGON HERITAGE COMMISSION, OREGON HERITAGE

Oregon Museum grant funds are for Oregon museums to collect, preserve, interpret and promote the collective history of Oregon for all. Awards are given to museums conducting projects for the care and management of heritage collections, for heritage-related tourism, and heritage education and interpretation. Grant proposals from museums of all sizes and purposes that meet eligibility requirements are encouraged and will be considered.

Grants must be submitted through the Oregon Parks and Recreation Department Grants Online program. There will be two grant cycles in the 2019-2021 biennium.

FINANCIAL INFORMATION: Generally awards are \$1000-\$8000.

MATCH: A dollar match for funds requested is not required, though we encourage you to seek local funding and donations in addition to your grant request. Local support allows the program to assist more museums and shows community value of the project and makes your application more competitive. Match can be in the form of cash, in-kind donations and volunteer time.

BUDGET INFORMATION: Bids and estimates strengthen the grant request when applicable.

PROFESSIONAL REQUIREMENTS: The application must convey that all work will be completed using appropriate museum practices.

GRANT REPORTING AND PAYMENT: Awarded projects will be the subjects of binding agreements between the State and the applicants. Typically, grant funds are dispersed on a reimbursable basis. Details of payment arrangements and grant reporting will be provided at the time of award.

GRANT TIMELINE:

Deadline – May 1, 2019 (11:59pm)

Notification – July 1, 2019

Reporting deadline – April 30, 2020

- Be organized as a public or private non-profit institution that exists on a permanent basis for essentially educational or aesthetic purposes;
- Care for and own or use tangible objects; and
- Exhibits the objects to the public on a regular basis through facilities the museum owns or operates.

PROJECTS: These grants support projects for the collection and management of heritage collections, for heritage-related tourism, or heritage education and interpretation.

- “Heritage collections” includes artifacts and other manifestations of material culture, documents, publications, photographs and film, heritage recordings, music and songs gathered for study, comparison or exhibition, and their management.
- “Heritage-related tourism” means the practice of traveling for recreation to learn, enjoy or appreciate heritage.
- “Heritage education and interpretation” means the action or process of educating or of being educated about heritage.
- Projects that will begin and end during the grant cycle qualify. Grant cycle extensions are extremely rare.
- Capital projects are eligible for funding, however building preservation projects are a lower priority unless the work impacts the care of collections.

STANDARDS:

- All projects must meet professional museum or archival standards. Please specify in the application which standards will be followed for the project. For digitization projects recommended minimum standards are those promoted by the Association for Library Collections & Technical Services. <http://www.ala.org/alcts/resources/preserv/minimum-digitization-capture-recommendations#top>

GRANT REVIEW AND AWARD PROCESS

MUSEUM BEST PRACTICES: Plans, policies, and procedures help museums align their operations and help staff and volunteers make informed and consistent decisions in support of their mission. Review the list of best practice methods below. Successful applications tend to come from organizations that implement some of these practices. Consider the plans your organization has established and how your proposed grant project fits into those plans. If you have implemented this and they relate to your project be sure to reference them in the grant narrative. If your organization would like assistance in any of the areas listed below, free support is available. Please contact heritage.mentorcorps@oregon.gov.

- Mission & Goals
- Long Range/Strategic Plans
- Collections Policy and Training
- Emergency Preparedness Plan
- Diversity, Equity & Inclusion Statement, Training, and Policy

GRANT REVIEW AND SELECTION: Following the grant deadline the application will be reviewed by staff to make sure it is complete. You will be contacted if the application needs any technical revision. Once applications pass the technical review a committee will review and score them using the following criteria and priorities. The recommendations are considered and the final selection is made by the Oregon Heritage Commission.

CRITERIA: The review committee will consider the following in ranking the grant applications:

- The capability of the applicant to carry out the proposed project.
- The effectiveness of the proposed project in the collection and management of heritage collections, the promotion of heritage-related tourism, or the provision of education and other interpretations related to heritage.
- The commitment of other significant monetary or in-kind support to the goals of the project.

PRIORITIES:

- Projects with a well-prioritized, clearly explained work plan with an appropriate level of detail and realistic cost estimates.
- Geographic diversity.
- Museum size diversity.
- Projects that take into account the impact of historic events on the collective history of Oregon people, uphold the historical truth about that impact, and incorporate perspectives of all involved.
- Project readiness, including matching dollar share in-hand.

GRANT AWARD: The grant award will be made by the Oregon Heritage Commission. Applicants will be notified by mail following the award decision.

GRANT AGREEMENT: Shortly after you are notified that you have been awarded a grant, you will receive a Grant Agreement. By signing the Grant Agreement, you attest acceptance of a state grant for the purposes outlined in your grant application and those outlined in the Agreement. This manual is considered to be part of your Grant Agreement. Some of the items in the Agreement include:

1. An approved Project Budget with line items specifying project expenses covered by grant funds and specific project expenses covered by the applicant match.
2. Grant starting date and grant completion & final report date.
3. Special conditions for the project.
4. Specific language for the acknowledgement of public funds provided by the State of Oregon.
5. Requirements for submitting reports and reimbursement requests.
6. Requirements for inspections and audits.

AMENDMENTS TO THE AGREEMENT:

You may not, without prior written approval from us, make changes that would substantively alter the scope of work stipulated in the Agreement, or make any changes that authorized the award of the grant. The contract was with the assumption that the work would be completed as agreed. If an issue arises that you think may require an amendment, contact us immediately.

APPENDIX C

RECOMMENDED ACCOUNTING PROCEDURES

In any program where reimbursement is requested for a portion of project costs, or matching share is claimed, adequate records are essential. There should be definite supporting evidence for EACH item of cost claimed, estimates are not sufficient. While these may not be required for reporting purposes, they are recommended for your record keeping in case of audit. The procedures below may not apply in every case, so look through them and identify and use those that are relevant to your project.

Contact Kuri Gill at Kuri.Gill@oregon.gov, or phone 503-986-0685 if you have questions.

In order to promote a better understanding of the records required and to avoid the possibility of having costs disallowed at the time of audit, the following accounting procedures are suggested:

- Establish a separate account for each agreement project.
- Maintain the account so that it includes the project name, and lists payment for salaries and wages, contracts, equipment, materials and supplies, and other items that conform to categories listed on the grant reimbursement request.
- Each entry in the account must be cross-referenced to a voucher, payroll invoice or other supporting document. Each payment must be supported by a cancelled check or warrant, available in the grantee's records in the event of an audit. DO NOT SUBMIT CANCELED CHECKS.

The following paragraphs provide you information about the specific budget categories:

Professional Contractor or Consultant

Proper contractor or consultant selection procedures must be followed and proper documentation maintained for audit, or contract costs are subject to disallowal.

Payments made by the grantee should be supported by a statement or invoice from the consultant. The consultant hours do not need to be broken down if contracted in a lump sum, since the consultant agreement should state a total contracted amount.

Payments made include fee for service, salary, per diem, payment for the travel, or other allowable services.

Employees

When a staff member is involved in a grant project, payrolls should be signed by an authorized person and wages paid should be supported by time and task tracking records for each employee. Records (daily, weekly, or monthly) must show total daily hours for each project and description of work performed. Fringe benefit rates should be developed using actual costs, and individual components should be identified. Documentation should show how rate or cost was derived. This amount must be traceable through the grantee's records.

Travel

State guidelines require that all mileage rates do not exceed the maximum state rate, which is generally the same as the standard Internal Revenue Service rate. The reimbursement request must show the name of the individual, time of departure and return, dates, mileage (odometer readings or locations),

meals claimed, and purpose. A copy of lodging receipts for overnight travel must be maintained. Contact Kuri Gill at Kuri.Gill@oregon.gov or (503)986-0685 for current rates.

Materials and Equipment

Value and Use of Owned Equipment

Equipment value (for owned equipment) should be supported by time records and by a schedule of hourly rates developed from actual historical costs, or in the event no previous cost data exists, from reasonable estimates of such factors as useful life, annual hours or use, insurance premiums, etc. These estimated rates must be adjusted each year based on the previous year's actual costs.

Equipment Rental (Outside)

Payments made by the grantee for equipment rented for specific project area are generally allowable under state regulations. Payments made by the grantee must be supported by a statement or invoice from the vendor that indicates the time period the equipment was rented.

Materials and Supplies

Supplies and materials charged to the project must be supported by supplier's invoices or receipts. The original or a photocopy of the cancelled checks must be available for a field audit. **DO NOT SUBMIT CANCELLED CHECKS IN YOUR REIMBURSEMENT REQUEST.**

Printing, Publication Design, etc.

If you make, design or print a publication as part of your project, include those costs here. The costs can only be paid if a statement recognizing the grant contribution is included.

Value of Contributed Goods and Services

Valuation of In Kind Contributions from Third Parties

The value of labor, materials, equipment usage, etc., donated by sources other than the grantee may be included on the Payment Request Form only if documented. Documentation can be a sheet with work done and hours worked recorded and signed by the project manager and the volunteer.

a. Valuation of volunteer service

- Volunteer services may be furnished by professional and technical personnel, consultants, and other skilled and unskilled labor. Volunteered services may be counted as matching share if they are a necessary part of the project.
- Rates for volunteer services may not exceed Oregon minimum wage, except in those instances in which the volunteer is using their professional skills for the grant assisted work. For example, if a carpenter or bookkeeper donates carpentry or bookkeeping services to the project, these services may be valued at the hourly rate the carpenter or bookkeeper would normally charge.

In such cases, the donor must sign a brief statement that notes the donor's usual occupation, intent to donate their usual services, and the date. These statements are then submitted with the reimbursement request.

b. Donated Materials Invoices, where applicable, must be marked "donated" and signed, and submitted with the reimbursement request.

c. Donated Equipment Invoices, where applicable, must be marked "donated" and signed, and submitted with the reimbursement request.
