

Oregon's Heritage Organizations 2012

This is a list of more than 1,000 nonprofit and governmental organizations in the contact database for Oregon Heritage, which is part of the Oregon Parks and Recreation Department. It shows the diversity and quantity of Oregon's heritage organizations. This list does not include all of Oregon's historic cemeteries, ethnic heritage groups and the hundreds of businesses that work with them.

Organizations like churches and service groups are included because at some time they've indicated they have a history program or are in a historic building or something else.
